It's been 15 years since we opened our doors, and our commitment to our customers has not changed a bit. Superior Service, High-Quality Products, Fair Prices — this is what we do best!

Our success comes from you, our loyal customers. It's because of you that we have grown our business year after year, allowing us to expand into markets covering over 25 states and 19 countries worldwide. Each year, we add more products — some successful, some not. Overall, it has been a recipe for success. We thank our longtime customers for your brand loyalty and welcome any new distributors to allow us to prove what we say stands true — **Superior Service, High-Quality Products, Fair Prices.**

Businesses come and go. If you are not evolving, then you are sinking. Chemtex is evolving and stronger than ever. With a new location in Canada, added spill response trailers, and additional customer service and sales people to help answer all of your technical questions, we are poised to grow even more. Please take a minute to review our new catalog, where you will find over 25 new products. I am sure they will complement our already extensive list of spill control products.

Thanks again for all of your business — it's been a fun 15 years. I look forward to a bright future and many more years of success.

Lenny Johnson

SORBENTS: CLAY VS POLY

Are you still using clay to clean your leaks, drips and spills?

You may think you're saving money because the cost of a bag of clay is so cheap, but in reality you are spending more—a lot more! In addition to the financial savings that we list below, these are a few other reasons why not to use clay:

- Clay is very messy, and cleanup is difficult and labor-intensive.
- Clay is an abrasive, which causes damage to machinery and moving parts.
- Silica is considered a serious health hazard by OSHA.
- Clay is heavy to work with compared to polypropylene pads.
- Clay is not a good absorbent.

To learn more details about clay vs. polypropylene, please call our office and ask to speak with a customer service representative.

CLAY MINERAL

Product Quantity and Cost

10 bags

$\$9.50/\text{bag} \times 10 \text{ bags} = \95.00

Disposal Containers Required

2 drums

$\$75.00/\text{drum} \times 2 \text{ drums} = \150.00

Labor and Time Required

3 people x 2 hours

$\$45.00/\text{hour} @ \$15.00/\text{hour} \times 2 \text{ hours} = \90.00

Accessory Spill Cleanup Materials

3 shovels & 3 brooms

$\$20.00/\text{shovel} \times 3 + \$15.00/\text{broom} \times 3 = \105.00

Average Disposal Cost per Drum

2 drums

$\$150.00/\text{drum} \times 2 \text{ drums} = \300.00

POLYPROPYLENE

1 bale

Absorbents

QUALITY RATING OF PADS & ROLLS

Rating	Quality	What It Means
★★★	Good	Fast-absorbing with an economical price.
★★★★	Better	Stronger tensile strength, one side is lint-free, perforated to waste less.
★★★★★	Best	Super-strong tensile strength, very low lint, perforated to waste less, grips floors.

Fine Fiber Meltblown Pads and Rolls

Dark gray pads hide grime, which makes pads last longer. Low-linting sorbents are used where added strength is a must. The smooth, fine fiber surface adds the strength needed for high-traffic areas. Using small-diameter strands of fiber increases surface area, which enables pads and rolls to grip surfaces securely. Both pads and rolls are used to contain and absorb splashes and spills under and around machinery.

PART #	DESCRIPTION	SORBENT CAPACITY	PACKAGING
Pads

Bonded Meltblown Pads and Rolls

Bonded pads and rolls share the same features as our standard meltblown pads and rolls, plus an extra layer of spunbond polypropylene that is bonded to the top to make the pads and rolls low-linting on one side and highly absorbent on the opposite side. The bonding process increases the strength and durability of the pads and rolls so they can be perforated like a paper towel. Perforations will help reduce waste and allow you to use the exact amount needed for the job.

These pads and rolls are the best of both worlds — the lint-free top sheet side can be used to clean and wipe tanks, tools, walls, etc. without leaving a mess, but, if need be, you can also use the meltblown side for quick absorption of fluids. We recommend these pads as the “best bang for your buck.” Rolls are perforated every 7.5" vertically and 17" horizontally. Pads are perforated vertically at 7.5".

**CONTROL AND CONTAIN
ANY SPILL EFFICIENTLY
AND EFFECTIVELY**

Absorbents

Booms

Linkable booms are used to contain and absorb spills on or off water. The built-in stainless steel connectors link booms together to cover large areas of water. Booms are encased with a lint-free poly sock that prevents shedding.

PART #	DESCRIPTION	SORBENT CAPACITY	PACKAGING
Booms			
B8	8" x 10', Lint-free	65 gallons/bale	4 booms/bale
B5	5" x 10', Lint-free	35 gallons/bale	4 booms/bale
B3	3" x 20', Lint-free	12 gallons/bale	2 booms/bale

Boom XT

Are you using sorbent boom near rocky shoreline? Does the tide go out and leave your boom lying high and dry on a rocky bottom? Rocks and barnacles will rip and tear standard sorbent booms and cause the shredded polypropylene to release, making more of a mess than when you started. Introducing the Boom XT—the Boom XT is made from HDPE netting, which is a lot stronger than traditional boom nets. The HDPE netting also is UV-treated to protect the polypropylene from the sun's damaging UV rays. If you are working in harsh marine environments, you need Boom XT.

**DESIGNED AND
BUILT TO LAST!**

PART #	DESCRIPTION	SORBENT CAPACITY	PACKAGING
B5XT	5" x 10', Lint-free	35 gallons/bale	4 booms/bale
B8XT	8" x 10', Lint-free	65 gallons/bale	4 booms/bale

Sweeps

**NEW BLUE
COLOR**

Designed for rapid spill cleanup/containment on or off water. Reinforced nylon straps, together with laminated spun-bond fabric, add the extra strength needed for towing capabilities. Sweeps are ideal for removing thin slicks off water.

PART #	DESCRIPTION	SORBENT CAPACITY	PACKAGING
SW100	White, 19" x 100' w/Straps	18 gallons/bale	1/bale
OILM2030	Blue, 19" x 100' w/Straps	18 gallons/bale	1/bale

Hazmat Sorbents

Ideal for responding to spills with unknown liquids. These pads and rolls will absorb virtually all acid and base liquids. These products are quickly deployed and recovered in hazardous spill applications. Use booms to confine large spills.

*Fine Fiber pads are made with the Best quality.

ECO-SOP™ — Saving our planet with “earth friendly” absorbents gone green.

To help save our planet, we all need to contribute. Now more than ever, we need to consider using recycled products when at all possible. We also need to cut back on our use of petroleum and petroleum-based products. Using Eco-Sop™ Sorbents will do just that. Unlike traditional meltblown polypropylene pads and rolls, these sorbents are not made from petroleum. This will not only help save our environment, but will help to keep the cost down. These products are made using 95% American-grown, natural, renewable and recycled resources. Additives increase the sorbents' natural absorbency. Testing based on ASTM Standard 726 proves this pad to be 20% more absorbent than meltblown polypropylene sorbents.

Natural White – Oil-Only — Absorbs up to 20% more than polypropylene; will not absorb water.

Gray – Universal — Absorbs up to 20% more than polypropylene; absorbs oil, water, and water-based chemicals.

PART #	DESCRIPTION	PACKAGING	QTY/PALLET
NATURAL WHITE – OIL-ONLY			
OILM1082	Heavy Weight Pads, 16" x 18"	100/bale	36
OILM1083	Medium Weight Pads, 16" x 18"	100/bale	42
OILM1084	Heavy Weight Roll, 28" x 150'	1 roll	27
GRAY – UNIVERSAL			
OILM1087	Heavy Weight Pads, 16" x 18"	100/bale	36
OILM1088	Medium Weight Pads, 16" x 18"	100/bale	42
OILM1089	Heavy Weight Roll, 28" x 150'	1 roll	27

Aqua Lock Absorbents

Gray Universal Aqua Lock — Absorbs up to 25% more than polypropylene; absorbs oil and water-based spills. Fine fiber cover stock makes this pad non-linting. Made with new technology that turns absorbed water-based liquids into a gel and prevents leaking from used sorbent pads and rolls.

PART #	DESCRIPTION	PACKAGING	QTY/PALLET
GRAY – UNIVERSAL AQUA LOCK (made with fine fiber cover stock)			
OILM1092	Heavy Weight Pads, 16" x 18"	100/bale	36
OILM1093	Heavy Weight Roll, 28" x 150'	1 roll	27

Cellulose Pads and Rolls (general purpose)

Cellulose-based absorbents are an excellent choice for superior absorption. Rolls are reinforced with a top liner for increased durability. Used to clean all types of nonaggressive spills.

PART #	DESCRIPTION	SORBENT CAPACITY	PACKAGING
OILM1080	General Purpose Pads, 16" x 18"	41 gallons	100/box
OILM5002	General Purpose Roll, 36" x 150'	83 gallons	1 roll

Army Matting

The camouflage design makes leaks and drips disappear.

Lasts longer than the standard gray and white meltblown rolls. This allows you to leave it on the ground for longer lengths of time, which will cut back on your spending. A spunbond top sheet provides extra strength and durability. The bottom layer of fine fiber meltblown grips the floor and provides a safe, secure walkway. Multiple perforations allow you to tear off and use only what you need.

PART #	DESCRIPTION	ABSORBS	PACKAGING
OILM6013	Army Mat Pad, 15" x 18"	30 gallons/bale	100/bale
OILM6019	Army Mat Roll, 15" x 150'	36 gallons	2 rolls
OILM6012	Army Mat Roll, 30" x 150'	36 gallons	1 roll

**HIDES LIQUIDS,
LASTS LONGER**

Airlaid Polypropylene

High-strength spunbond makes airlaid sorbents stronger and more absorbent than traditional sorbents. Made from recycled polypropylene bonded between two layers of spunbond fabric. Easily folds in three to make a sock. Pliable enough to use as a wipe.

PART #	DESCRIPTION	SORBENT CAPACITY	PACKAGING	ABSORBS
Pads				
OILM1007	15" x 19", White	29 gallons/bale	100/bale	oil-only

IT'S A SOCK!
IT'S A WIPER!

Poly-Backed Pads and Rolls

Added protection for your floors. The strength and absorbency of fine fiber pads and rolls, combined with a nonskid poly backing to prevent liquids from seeping through to the floor.

PART #	DESCRIPTION	SORBENT CAPACITY	PACKAGING
PBFFP12G	15" x 19", Double Wt. Pads	8 gallons	50/bale
PBFFR12G	30" x 100', Double Wt. Rolls	18 gallons	1 roll

Needle-Punch

Constructed of 100% polypropylene, this rug is made to withstand constant foot and forklift traffic. Will absorb oil, water, coolants, and solvents. Also used in decontamination areas on job sites.

PART #	DESCRIPTION	SORBENT CAPACITY	PACKAGING
RNP	36" x 300', Needle-punch Rug, Black	64 gallons/rug	1 rug
OILM6004	36" x 150', Needle-punch Rug, Gray	64 gallons/rug	1 rug

DURABLE UNIVERSAL SORBENT RUGS ARE USED IN HIGH-TRAFFIC AREAS AND WORK STATIONS.

Poly-Backed Needle-Punch

These are needle-punch rugs that are coated with an impermeable, nonskid backing. This prevents liquids from seeping through to the floor.

PART #	DESCRIPTION	SORBENT CAPACITY	PACKAGING
PBRNP	36" x 100', Polyback Needle-punch Rug	16 gallons/rug	1 rug

Rag Rug Pads and Rolls

This rug is made from recycled textiles and is very thick and durable. Dark-colored mats absorb the grunge from oils, coolants, solvents, and water without looking dirty. The tough, durable rag rug is ideal for use in high-traffic areas.

PART #	DESCRIPTION	SORBENT CAPACITY	PACKAGING
RTR-1	36" x 150', Rag Rug	50 gallons/rug	1 rug
OILM6016	18" x 18", Rag Rug Pads	25 gallons/bale	100 pads

Railroad Track Matting

Railroad Track Mat — 3-Ply: 1 layer needle-punch polypropylene, 1 layer oil-only meltblown polypropylene, and a poly backing to prevent seepage. Use the two 19" rolls outside the tracks and the 59" roll in between the rails. Can be used to absorb oil, fuels, and other hydrocarbon-based fuels in railroad yards.

PART #	DESCRIPTION	ABSORBS	PACKAGING
OILM5997	RR Track Mats, 19" x 100', Outside Pieces	50 gallons	2/pack
OILM5996	RR Track Mat, 59" x 100', Center Pieces	60 gallons	1 roll

**ABSORB OILS, FUELS AND OTHER
HYDROCARBON-BASED FUELS**

Blue Railroad Track Matting

PART #	DESCRIPTION	ABSORBS	PACKAGING
OILM5999	RR Track Mats, Blue, 19" x 80', Outside Pieces	31.5 gallons	2/pack
OILM5998	RR Track Mat, Blue, 58" x 80', Center Pieces	48 gallons	1 roll

Ground Guards NEW

Ground Guards are an economical way to help keep your boatyard clean and to help protect waterways from harmful, contaminated run-off. Two sizes to choose from depending on the size of your boat. The geotextile is made from a high-quality polypropylene which will not rip or tear. Ground Guards will catch paint chips and oils that run off boats during power washing or just general maintenance or painting. Ground Guards will act as a filter for contaminants.

PART #	DESCRIPTION	PACKAGING
OILM6023	15' x 50', Geotextile Ground Guard	1/pack
OILM6024	15' x 25', Geotextile Ground Guard	1/pack

Pillows

Used to absorb large amounts of fluids where a pad just isn't enough. Also good to use in tight, hard-to-reach areas. Use oil-only pillows on both land and water. Great in coolant tanks and sump wells. Use our universal pillows for all liquids, including acids and bases.

PART #	DESCRIPTION	SORBENT CAPACITY	PACKAGING	ABSORBS
915-0	9" x 15"	17 gallons/case	16/case	oil-only
1818-0	18" x 18"	28 gallons/case	16/case	oil-only
1824-0	18" x 24"	30 gallons/case	15/case	oil-only
915-U	9" x 15"	17 gallons/case	16/case	universal/hazmat
1818-U	18" x 18"	28 gallons/case	16/case	universal/hazmat
1824-U	18" x 24"	30 gallons/case	15/case	universal/hazmat

Mesh Bag Pillow

Polypropylene strips encased in a nylon mesh bag. Used to absorb larger spills on water. Just toss it on the spill. Floats for easy retrieval, even when saturated.

PART #	DESCRIPTION	SORBENT CAPACITY	PACKAGING
OILM3598	Mesh Bag Pillow, 14" x 24"	37 gallons	10/bale

**FOR QUICK
AND EASY
CONTAINMENT**

Oil-Only

These socks will not absorb water or water-based liquids. Highly absorbent and dust-free, these socks help keep a clean and safe working environment. Use these socks outdoors if needed.

PART #	DESCRIPTION	SORBENT CAPACITY	PACKAGING
S4B	3" x 4'	30 gallons/case	30 socks/case
S4B-10	3" x 4'	10 gallons/case	10 socks/case
S8B	3" x 8'	30 gallons/case	15 socks/case
S12B	3" x 12'	30 gallons/case	10 socks/case
S20B	3" x 20'	30 gallons/case	6 socks/case

Universal/Maintenance

Our most versatile sock, specially treated to absorb most aggressive and nonaggressive liquids. These socks can be used to absorb acids and bases, as well as oil and water. One sock does it all.

PART #	DESCRIPTION	SORBENT CAPACITY	PACKAGING
S4G	3" x 4'	30 gallons/case	30 socks/case
S8G	3" x 8'	30 gallons/case	15 socks/case
S12G	3" x 12'	30 gallons/case	10 socks/case
S20G	3" x 20'	30 gallons/case	6 socks/case

Corncob

This is an excellent sock at a great value. Corncob filler makes the socks highly flexible and easily moldable around tight corners. These socks will not absorb aggressive fluids.

PART #	DESCRIPTION	SORBENT CAPACITY	PACKAGING
S4CC	3" x 42"	20 gallons/case	40/case

Universal Cellulose

Highly absorbent, this is an all-purpose maintenance sock suitable for most industrial applications. This sock is not intended for aggressive fluids.

PART #	DESCRIPTION	SORBENT CAPACITY	PACKAGING
S4UC	3" x 4'	33 gallons/case	30/case
S8UC	3" x 8'	33 gallons/case	15/case

Sturdy, absorbent socks are used to absorb and contain spills around machines or drums. Wrap socks around machinery to act as a dike. Also use socks to surround the spill, preventing liquids from spreading over the plant floor or down drains. These products are available in many types and sizes. Choose the right one for your application.

Cellulose Polymer Blend

This sturdy, absorbent sock, filled with a combination of cellulose and super-absorbent polymers, will soak up water and water-based liquids faster than any other sock. This sock also retains fluids better than any other sock.

PART #	DESCRIPTION	SORBENT CAPACITY	PACKAGING
S4CPB	3" x 4'	30 gallons/case	30/case

Hazmat

Use hazmat socks for caustic fluids or fluids of an unknown origin. These 100% polypropylene socks soak up nearly any acid, base, or solvent. Color-coded, so you know what to expect when you see them being used.

PART #	DESCRIPTION	SORBENT CAPACITY	PACKAGING
S4Y	3" x 4'	30 gallons/case	30/case
S4Y-10	3" x 4'	10 gallons/case	10/case
S8Y	3" x 8'	30 gallons/case	15/case
S12Y	3" x 12'	30 gallons/case	10/case

Roll-Off Super Socks

These super-absorbent socks are made with a blend of recycled cellulose and SAP (super-absorbent polymer). The SAP will lock the water in place so no leaching will occur. Best used in the tail end of roll-off containers or dump trucks to prevent leakage while on the road.

PART #	DESCRIPTION	SORBENT CAPACITY	PACKAGING
S7CPB	7" x 8'	41 gallons/bale	5/bale

Well Sock

Designed specifically for absorbing hydrocarbons from wells. The 1½" diameter and the loop-on end allow for easy lowering and retrieving from monitoring wells.

PART #	DESCRIPTION	SIZE	PACKAGING	ABSORBS
OILM206	Well Socks	1.5" x 2'	20/case	5.5 gallons

Bilge Socks

Prevent costly fines from oil discharge into navigable waters. Bilge socks prevent pollution by absorbing the oil, gasoline, and diesel that can accumulate in the bilge of a boat. Most boats are expected to require one or two bilge socks during each boating season to capture oil and fuel leaking into their bilge compartments.

PART #	DESCRIPTION	SIZE	PACKAGING	ABSORBS
OIL450	Bilge Socks	3" x 18"	20/case	8 gallons

WATER IN YOUR
SPILL BUCKET?
AVOID COSTLY
PUMP-OUTS
BY REMOVING
WATER FROM
YOUR BUCKET.

Bilge Booms (Mini Booms)

For use in boat bilges of all sizes. Use the 8" x 18" in commercial size boats and the 5" x 15" in smaller pleasure crafts. Like the smaller bilge sock, these highly absorbent mini booms will help prevent pollution of our marine waters. Booms will absorb oils and fuels and will float on water.

PART #	DESCRIPTION	SIZE	PACKAGING	ABSORBS
OILM3017	Mini Boom	5" x 15"	12/case	12 gallons
OILM3019	Mini Boom	8" x 18"	10/case	28 gallons

Spill Bucket Socks

Spill bucket socks remove water quickly and easily. They will not absorb fuel. Sock swells on contact with water and will absorb up to .8 gallons/sock. Reduces phase separation and costly pump-outs. This speeds fuel deliveries. Can be hung to dry and reused.

PART #	DESCRIPTION	ABSORBS	PACKAGING
OILM7369	Spill Bucket Socks	.8 gallons	10 socks/case

Socks before and after use.

Drip Pans

Low profile, easy to fit in tight spaces where leaking spigots are a problem. When full, tray will hold up to three-quarters of a gallon. Available in universal only.

PART #	DESCRIPTION	SORBENT CAPACITY	PACKAGING	ABSORBS
DP-U	Drip Pans, 10.5" x 10.5" x 3"	12 gallons/case	16/case	universal

PT-O	Shredded Particulate	35 gallons/bale	1 box	oil-only
OILM5005	Sorbent Roll Rack. Rack fits rolls up to 32" in width.			

Drum Tops

Keep your drum containment area neat and clean with pre-cut 55-gallon drum tops. Available in both oil-only and universal.

Particulate

Chopped polypropylene can be used on both land and water. A dust-free alternative to clay.

Roll Rack

This freestanding roll rack keeps rolls off messy floors for easy access when you need them. Fits any roll up to 32" wide.

Spill Kits

Nobody wants an oil spill — but accidents do happen. Don't be caught unprepared! Like a fire extinguisher is to a fire, a spill kit is to an oil or chemical spill. Choose the right kit for your company's needs.

X-Large Spill Cart on Wheels

This kit was designed for maximum mobility.

Spill cart comes with all-terrain, 8" semi-pneumatic wheels. Decrease your response times by having a spill cart on site. Locking clasp is optional.

PART #	DESCRIPTION	SORBENT CAPACITY

- 4 Socks (3" x 4')
- 4 Pillows (18" x 24")
- 3 Disposal Bags w/Ties
- 1 Emergency Response Guidebook
- 1 Pair Nitrile Gloves

20 Gallon Spill Kit

PART #	DESCRIPTION	SORBENT CAPACITY
SPK20-O	Oily-only	14 gallons
SPK20-U	Universal	14 gallons
SPK20-H	Hazmat	14 gallons

Kit Contents:

- 1 20-gallon Lab Pack
- 15 Pads (15" x 19")
- 4 Socks (3" x 4')
- 1 Sock (3" x 12')
- 2 Pillows (18" x 18")
- 3 Disposal Bags w/Ties
- 1 Spill Caution Sign
- 1 Emergency Response Guidebook
- 1 Pair Nitrile Gloves

14 Gallon Spill Kit

PART #	DESCRIPTION	SORBENT CAPACITY
SPK14-O	Oily-only	9 gallons
SPK14-U	Universal	9 gallons

Kit Contents:

- 1 14-gallon Lab Pack
- 10 Pads (15" x 19")
- 1 Sock (3" x 4')
- 2 Socks (3" x 8')
- 1 Bag of Universal Granular Absorbent
- 2 Disposal Bags w/Ties

Wall Mount Cabinet Spill Kit

Spill cabinet is manufactured with rugged, welded-steel construction and easily installs on wall. The see-through front panel allows you to check absorbent inventory levels quickly and easily.

Large Wall Mount Kit Contents:

- 80 Pads (15" x 19")
- 2 Socks (3" x 4')
- 3 Socks (3" x 10')
- 8 Pillows (18" x 24")
- 10 Disposal Bags w/Ties
- 50 DRC Wipers
- 1 Pair Nitrile Gloves
- 1 20" W x 12.25" D x 32.25" H Cabinet

Small Wall Mount Kit Contents:

- 10 Pads (15" x 19")
- 2 Socks (3" x 4')
- 2 Socks (3" x 10')
- 3 Pillows (9" x 15")
- 5 Disposal Bags w/Ties
- 50 DRC Wipers
- 1 Pair Nitrile Gloves
- 1 13.75" W x 12.75" D x 30" H Cabinet

Foil Bag Response Kit (heat-sealed)

Heat-sealed kits allow you to determine if the kit was used or not. Economical and space-saving. This kit is packed in a puncture-proof, water and UV resistant sealed bag and is intended for single use. Packed 5 kits/case.

PART #	DESCRIPTION	ABSORPTION
SKFB-O	Oil-only Foil Kit	absorbs up to 5 gallons
SKFB-U	Universal Foil Kit	absorbs up to 5 gallons
SKFB-H	Hazmat Foil Kit	absorbs up to 5 gallons

Foil Bag Kit Contents:

- 15 Pads (15" x 19")
- 3 Socks (3" x 4')
- 2 Disposal Bags w/Ties
- 1 Pair Nitrile Gloves
- 1 Pair Goggles

Emergency Spill Sack

Portable spill kit packed in a reusable drawstring sack.

PART #	DESCRIPTION	ABSORPTION
OILM7076	Universal Spill Sack	absorbs up to 7 gallons
OILM7077	Oil-only Spill Sack	absorbs up to 7 gallons

Kit Contents:

- 10 Pads (15" x 19")
- 2 Socks (3" x 4')
- 1 Pillow (18" x 18")
- 2 Disposal Bags w/Ties
- 1 Pair Nitrile Gloves

SPILL KITS

Tote Bag Spill Response Kit

This durable tote bag kit is constructed of double-wall, vinyl-coated canvas that stands up to demanding industrial environments. Makes responding to small spills on the go a quick and easy task.

- Kit Contents:**
- 1 Zipper Tote Bag
 - 15 Pads (15" x 19")
 - 3 Socks (3" x 4")
 - 1 Repair Putty Stick
 - 1 Tychem QC Protective Suit
 - 1 Pair Chemical Goggles
 - 1 Pair Nitrile Gloves
 - 5 Disposable Bags w/Ties

A "MUST HAVE"
FOR ANY
MARINA WITH A
FUEL DOCK!

Marine Spill Kit

Response time is crucial when it comes to cleaning a fuel or oil spill on water. The faster you respond, the easier it is to minimize damage to the environment and avoid costly fines. This kit provides you with almost everything you need to become an efficient first responder.

PART #	DESCRIPTION	SORBENT CAPACITY
OILM7065	Oil-only	62 gallons

Kit Contents:

65 Gallon Overpack
75 Oil-only Pads (15" x 19")
4 Booms (5" x 10")
4 Pillows (18" x 24")
3 Disposal Bags w/Ties

Marine Dock Box Spill Kit

Sometimes you don't want your spill kit to stand out as much as our "safety yellow" commercial version. This kit comes packed in a high-quality dock box that can be secured to the dock.

PART #	DESCRIPTION	SORBENT CAPACITY
OILM7083	Oil-only	86 gallons

Kit Contents:

1 Dock Box
100 Pads (15" x 19")
4 Booms (5" x 10")
4 Pillows (18" x 18")
1 Bag Absorbent W Granular (10 lbs.)
1 Brick of Rags (5 lbs.)
1 Folding Shovel
5 Disposal Bags w/Ties
1 Pair Goggles
2 Pairs Nitrile Gloves
1 Emergency Response Guidebook

Overpack Covers

Hi-viz overpack cover protects spill response supplies indoors and out. Impermeable material blocks water, dust, and debris, as well as UV light that can damage polypropylene sorbents.

PART #	DESCRIPTION	PACKAGING
CON0210	Large Overpack Cover, fits 65 and 95 gallon overpacks	1/package
CON0211	Small Overpack Cover, fits 20, 30 and 55 gallon overpacks & drums	1/package

Spill Kit Refills

Why buy a new spill kit every time you use it? Instead of buying the complete kit, just purchase the kit contents. Spill kit contents come packed in a cardboard box.

Acid Spill Kit

Ideally used in battery shops or any area prone to leaking caustics. Have one on hand in case of an emergency. Absorbs up to 5 gallons.

PART #	DESCRIPTION	WEIGHT
OILM7005	Acid Spill Kit	9 lbs.

Kit Contents:

- 1 2-lb. Shaker Neutralizers
- 5 Acid-absorbing Pads
- 2 Socks
- 2 Disposal Bags w/Ties
- 1 Scoop
- 1 Pair Goggles
- 1 Pair Nitrile Gloves

Wall Mount Chemical/Solvent Kit

This kit includes everything needed to neutralize and clean up chemicals and solvents. Mount this kit or take it with you to a spill. This spill treatment kit neutralizes and solidifies caustic spills and will absorb organic solvents.

Kit Contents:

- 1 Wall Mount Cabinet
- 5 Absorbent Pads (15" x 19")
- 1 Sock (3" x 4")
- 1 Shaker Acid Neutralizers
- 1 Shaker Base Neutralizers
- 1 Shaker Solvent Neutralizers
- 1 Scoop
- 1 Pair Goggles
- 2 Disposal Bags w/Ties
- 2 Pairs Nitrile Gloves

PART #	DESCRIPTION	WEIGHT
OILM7021	Wall Mount Spill Kit	30 lbs.

Mercury Spill Kits

Used to clean mercury-based spills.

Large Kit Contents:

- 270g Amalgamation Powder
- 250g Indicator Powder
- 1 lb. Vapor Suppressor
- Shaker Bottle
- 1 Aspirator Bottle
- 1 Waste Collection Bottle
- 1 Mixing Tub w/Spatula
- 1 Chemical Sponge
- 1 Pair Nitrile Gloves
- 1 Disposal Bag w/Tie
- 1 Wisk on Pan

Small Kit Contents:

- 500g Amalgamation Powder
- 2 Mercury Sponges
- 1 Containment Jar

Marine Spill Response

Oil Snare™

Oil Snare™ products were developed for the recovery of Bunker C, Crude Oil, and Numbers 4, 5, & 6 oil. Oil Snare utilizes the oil's natural stickiness to entrap it within thousands of plastic tentacles. Operative even in subfreezing conditions. Oil Snare products are made up of flat polypropylene ribbon yarn configured into two different products (Oil Snare Singles, Oil Snare on a Rope).

Oil Snare is hydrophobic, oleophilic, nontoxic or corrosive, non-scattering, inert, floats (will not sink) indefinitely. Oil Snare is resistant to rot and mildew after long storage and does not have a shelf life. Oil Snare products can be drained or doused with #1 or #2 oil which removes the heavy oils, allowing units to be reused if desired, and allowing recycling of extracted oil as downgraded fuel.

PART #	DESCRIPTION	WEIGHT
OILM6050	Oil Snare Singles, 30/bag	15 lbs.
OILM6052	Oil Snare on a Rope, 30/50' rope	16 lbs.

Oil Snare will typically recover from 20 to 60 times its own weight, depending on the viscosity of the oil. The thicker the oil, the better Oil Snare adsorbent will work.

TYPICAL RECOVERY RATES

(Lbs. of oil per lb. of Oil Snare adsorbent)

#6 oil – 64 lbs. @ 35°F

#6 oil – 32 lbs. @ 70°F

#5 oil – 24 lbs. @ 70°F

#5 oil – 16 lbs. @ 82°F

#4 oil – 18 lbs. @ 65°F

Alaskan crude – 40 lbs. @ -2°F

Skimmers

Skim-pak weir-type skimmers are simply the best skimmers money can buy. Skim-paks are lightweight and compact, easily deployed and operated by one person. The weir automatically adjusts to the pump rate, continually maintaining a skim. Skim-pak skimmers can be set up for unattended operation or fitted with an operator control accessory package.

Drum Skimmers

Drum Skimmers are constructed of lightweight aluminum and are designed for both portability and extreme durability on the toughest jobs. Available in 24", 36", and 48" versions. Single or multiple drum designs are also available. Ideal for use on inland and marsh spills since it is capable of operating at water depths as shallow as 3". Recovery rates of up to 35 gallons per minute.

Call our office for further details on skimmers.

Permanent Containment Boom

The economical solution to provide continuous facility protection and containment. This permanent boom system features easy deployment, high visibility, and abrasion resistance. Permanent containment booms are designed for deployment at permanent sites such as waterfront oil handling facilities, or around ships in repair or storage. This containment boom is more economical, lighter weight per foot, and has a higher buoyancy-to-weight ratio than other permanent booms.

PART #	DESCRIPTION	WEIGHT
OILM092	18" Permanent Boom, Universal Connectors, 175 oz. PVC	18" x 100'
OILM094	18" Permanent Boom, Universal Connectors, 175 oz. PVC	18" x 50'

Response Boom

Use containment booms to surround and contain oil or sewage spills.

Also used to retain debris. Can be used in fresh or salt water. Ideal for holding ponds, marinas, or spill response teams.

PART #	DESCRIPTION	WEIGHT
OILM099	6" Float, 12" Skirt, Universal Connectors, with Top Tension Cable	18" x 100'
OILM097	6" Float, 12" Skirt, Universal Connectors, with Top Tension Cable	18" x 50'
OILM100	6" Float, 12" Skirt, Universal Connectors	18" x 100'
OILM200	3" Float, 5" Skirt, Slotted Tube Connectors	8" x 100'

A HYBRID OF CONTAINMENT/ SORBENT BOOM

The Eliminator NEW

A new containment boom system to help make your job easier. This dual-purpose boom will not only contain oil from migrating over water, but will also absorb oil at the same time. Best used on calm, flat water in marinas or on ponds. This hybrid boom is made from 14 oz. coated PVC fabric, 8.3 oz. PVC mesh fabric, ¼ in. hot-dipped galvanized cable ballast. Overall height is 13", which includes a 5" float (sorbent boom not included) and an 8" skirt. Use the built-in pockets to insert a 5" sorbent boom to act as your float. This easy-to-use mesh pocket allows you to insert a 5" x 10' oil-only boom. When the boom gets filled up with oil, you easily change it out. Very compact and easy to deploy. Having two booms in one makes your job easier. Jackets are reusable with cleaning. Improves performance at a low cost!

PART #	DESCRIPTION	SIZE
BOOM1030	Sorbent Boom Jacket for 5" Boom in 10' lengths, 4 sections/case or 40'	13" x 40'
BOOM1031	Sorbent Boom Jacket for 5" Boom in 20' lengths, 2 sections/case or 40'	13" x 40'
BOOM1032	5" x 10' Sorbent Boom Insert, 4/bale	5" x 10'
BOOM1033	5" x 20' Sorbent Boom Insert, 2/bale	5" x 20'

Boom in a Bag NEW

Ever find yourself needing a containment boom in a pinch, but you don't have the manpower to deploy the standard 18" containment boom? Or maybe an 18" boom is just too much for the job. Our new Boom in a Bag is the perfect solution. This highly compact, featherlight response boom is great for small spills of all kinds. Boom in a Bag has 50' of 8" containment boom, which consists of a 3" float and a 5" skirt. Made out of 22 oz. PVC, this boom uses lightweight, easy-to-use slotted tube connectors for easy connections. Stored in a PVC bag, one person is all it takes to carry and deploy. Great for marinas, because it won't take up much space. In fact, this boom could be stored in a closet or in the back of a pickup truck.

PART #	DESCRIPTION	SIZE
BOOM1035	Boom in a Bag, 3" Float, 5" Skirt, Slotted Tube Connectors	8" x 50'
BOOM1036	PVC Bag for storing "Boom in a Bag"	

*Bag sold separately.

Bulkhead Risers

Bulkhead risers are used to allow your containment booms to rise and fall with the tide. Fiberglass bulkhead riser with floats and connectors for 6" flange H beam. Easily mounted on docks or piers.

PART #	DESCRIPTION
OILM259	Bulkhead Riser

**EASILY MOUNTED
ON DECKS OR
PIERS**

Containment Boom Lighting NEW

Bright, Bright Lights! See white lighting from up to 3 miles away. Completely waterproof, these lights are used to mark the areas where containment booms are being used. During the day, the lights are off; at night, the lights automatically go on and are powered by three D cell batteries (not included). These batteries will last for 1½ months with continuous use. These lights are fixed on top of a 4' floating mast.

PART #	DESCRIPTION
BOOM1009	Containment Boom Lighting

Danforth® Anchors

Danforth® anchors are used to secure booms to the ocean floor. This anchor has the traditional holding power which has always been associated with Danforth® anchors. The shank is made of high-strength steel. The steel flukes are strong and wide. Each anchor has a hot-dipped, galvanized coating for long-lasting protection.

PART #	DESCRIPTION
OILM090	22 lb. Danforth® Anchor

Anchor Chain

Anchor Chain Our 3/8" chain is used to secure boom anchoring systems. Strengthens anchor hold and eliminates fouled anchor lines. Galvanized, oil-proof chain comes packed as 63' of chain in a 5-gallon bucket.

PART #	DESCRIPTION
OILM087	3/8" Anchor Chain, holds up 6,600 lbs.

Polyform Anchor Buoys

Polyform anchor buoys are a one-piece construction with a reinforced, rigid "rope hold" eye and unique vinyl valving system. Applications include commercial fishing, offshore oil research, and general commercial marine. Use the buoys with your containment boom anchoring system.

PART #	DESCRIPTION
OILM088	Polyform Anchor Buoys, A-0 Red

Galvanized Shackles

Galvanized shackles are used to connect anchors to chain.

PART #	DESCRIPTION
OILM089	3/8" Screw Pin, Galvanized Shackles

Polypropylene Line

Polypropylene line is strong and resistant to mildew, rot, and most chemicals. Use this in your containment boom anchoring system.

PART #	DESCRIPTION
OIL753	Polypropylene Line, 1/2" x 600', 3-Strand Twisted Rope

Tow Bridals NEW

Use tow bridals to tow containment boom behind a boat. Fits all 18" booms with universal connectors.

PART #	DESCRIPTION
BOOM1008	Tow Bridal for 18" Containment Boom

Wipers & Rags

Blue Spunlace Wipers

Exceptionally clean, low-linting, absorbent, strong, and durable wiping product. Soaks up to four times its weight in water; also absorbs oil and solvents. Washes easily. Can be reused again and again, yet is inexpensive enough to be disposable. Available in quarter fold or on a roll.

PART #	SIZE & DESCRIPTION	PUT-UP	APPLICATION
NWP398	12" x 15" Blue Spunlace, Wiper	440/roll	heavy duty
NWP351	12" x 13" Blue Spunlace, 1/4 Fold, Wiper	1,000/case	heavy duty
NWP356	40" x 72" Spunlace Disposable Drop Cloths	72/case	heavy duty

Red Spunlace Wipers

Thick, cloth-like wipers. Ideal for rough surfaces, metal shavings, machine and parts wiping, and prepping surfaces with solvents.

PART #	SIZE & DESCRIPTION	PUT-UP	APPLICATION
NWP400	13" x 14" Red Spunlace, Flatlay, Wiper	500/case	heavy duty
NWP401	13" x 20" Red Spunlace, Flatlay, Wiper	500/case	heavy duty

Great replacement for rented shop rags.

White Spunlace Wipers

Thick, cloth-like wipers. Ideal for rough surfaces, metal shavings, machine and parts wiping, and prepping surfaces with solvents.

PART #	SIZE & DESCRIPTION	PUT-UP	APPLICATION
NWP402	13" x 14" White Spunlace, Flatlay, Wiper	500/case	heavy duty
NWP403	20" x 13" White Spunlace, Flatlay, Wiper	500/case	heavy duty
NWP380	13" x 12" White Spunlace, Wiper	475' roll	heavy duty

Polypropylene Wipers

Polypropylene wipers are designed for wiping tasks where low lint or use of chemicals is required. Made for critical applications involving solvents, inks, and paints. Acid/base and solvent-resistant. Perfect for use with lubricants, oil, and grease.

Applications include: furniture finishing, engine assembly/repair, pre-packaging wipe-down, LCD panel assembly, appliance assembly, printing, and glass or window cleaning.

PART #	SIZE & DESCRIPTION	PUT-UP	APPLICATION
NWP395	9" x 17" Polypropylene Wipers	100 wipers/box, 5 boxes/case	heavy duty

All-Purpose DRC Wetlay Wipers

Ideal for wiping up grease, oils, and small spills, or for cleaning parts and tools; soft enough for hands and face.

PART #	SIZE & DESCRIPTION	PUT-UP	APPLICATION
NWP02311	9" x 15" All-purpose Wetlay, Pop-up	8 boxes of 100	medium duty
NWP0252	9" x 240' Center-pull Wetlay in Box, 221 Wipes	1 box	medium duty
NWP026	12.5" x 13.5" All-purpose Wetlay, 1/4 Fold	20 packs of 50	medium duty

Airly Wipers

These wipers are ideal for oil and grease spills, smooth surfaces, and maintenance.

PART #	SIZE & DESCRIPTION	PUT-UP	APPLICATION
NWP101	12" x 13" Airly Wipers, Poly 1/4 Fold	16 packs of 50	medium duty

Rags & Wiping Cloths

Sturdy, absorbent knit materials are used for general cleanup in maintenance and repair operations.

PART #	DESCRIPTION	WEIGHT

Rags in a Box

PART #	DESCRIPTION
WIP6010	New Sweatshirt Rags, gray, packed in a 10-lb. dispenser box

Red Shop Towels

Absorbent and strong, prewashed and preshrunk red shop towels. Made with 100% heavyweight cotton fabric. Frequently used for wiping spills, grease, oil, tools, grime and fluids. Used in industrial facilities, machine shops and garages.

PART #	DESCRIPTION	PACKAGING
TOW802	New Shop Rags, red, 14" x 14"	500/case

Granulars, Neutralizers & Bioremediation

Oil-Dri™

All-purpose floor absorbent. This clay-based product is packaged in poly bags to protect against moisture.

Floor-Dry

Contains millions of natural microscopic diatom "sponges." Great, dust-free oil absorbent. Excellent lab pack media. A 20-lb. bag of Floor-Dry will absorb more than a 50-lb. bag of clay. All-purpose absorbent absorbs most liquids.

Perlite

Perlite is a nontoxic, nonflammable, lightweight, environmentally safe and friendly absorbent that can absorb and hold most liquids, while leaving little or no residue. Less than half a pound of Perlite can completely absorb one quart of motor oil without leaving any residue to clean up. Clay, earth and sand products require 15 pounds of material to absorb the same amount and would leave a slippery residue.

Vermiculite

Vermiculite is used as a lightweight filler, liquid absorbent, paint filler/texturing agent, and liquid waste solidification agent. Used during shipping and lab packing. Can be used on all liquids.

PART #	DESCRIPTION	PACKAGING	BAGS/PALLET
OIL040	Oil-Dri™ Floor Absorbent	40 lb. bag	50
OIL046	Floor-Dry, Diatomaceous Earth	20 lb. bag	84
OIL051	Perlite, #720 Floor Absorbent	25 lb. bag	30
OIL067	Perlite, #720 Floor Absorbent	1.5 lb. handled canister	8/box, 240 boxes/pallet
OIL052	Vermiculite	20 lb. bag	30

Cellulose

A universal/maintenance sorbent made from recycled cellulose. It absorbs six times more than clay. Other benefits: noncarcinogenic, lightweight, low dust and nonabrasive. Absorbs both oil and water.

Absorbent W

Made from 100% recycled cellulose pulp, treated to absorb oil only — not water. Hydrocarbons are absorbed into the fibers and will not leach or drain. Ideal for removing contaminants from water.

Dri-Zorb™

All-natural coarse corn cob is a great replacement for clay. Use this in most industrial applications. A great absorbent for cutting oils, greases, water, etc. This is not intended for use with aggressive fluids.

Peat Moss

A natural oil-only sorbent that absorbs oil on land or hard surfaces. Made of biodegradable peat moss, which has a natural affinity for oils. This product also can be incinerated.

Gran-sorb™

Lightweight, recycled paper waste soaks up oils, coolants, solvents, water, fuels, and antifreeze. This is a safe product because paper waste is nontoxic and nonhazardous.

Gator-sorb™

Oil Gator is an “ALL NATURAL” biocatalyst. Oil Gator does NOT contain any man-made, cultured, or genetically altered microorganisms. Oil Gator contains all the natural ingredients necessary to accelerate the indigenous microbes to a point where they will degrade unwanted hydrocarbons rapidly.

PART #	DESCRIPTION	PACKAGING	BAGS/PALLET
OILM7911	Cellulose Floor Sweep	25 lb. bag	80
OIL057	Absorbent W, Oil-only Cellulose	8 lb. bag	35
OIL055	Dri-Zorb™ Coarse Corn Cob	40 lb. bag	50
OIL056	Peat Moss, 2 ft. ³ bag	18 lb. bag	54
OIL041	Gran-sorb™ Cellulose Absorbent	30 lb. bag	65
OIL059	Gator-sorb™	30 lb. bag	30

REMOVES SHEEN WITH EASE

Turn hydrocarbons into rubber!

Our HCS Polymer Boom is ideal for use in the marine environment. Perfect for use at fuel docks and marinas. The HCS Polymer Boom can be placed in scuppers on ships to prevent hydrocarbon run-off from the decks of commercial vessels and in engine rooms or bilges to remove oil from water. Booms also can be used on land applications to prevent hydrocarbons from entering storm drains.

A leap beyond absorption!

HCS polymers are used to solidify and suppress harmful vapors of sheen, gasoline, diesel, and oils, including crudes, upon contact. The by-product is a solid, rubber-like material that floats in water. Environmentally friendly, HCS polymer has been tested not harmful to aquatic life and waterfowl. The solidified by-product is 100% recyclable as raw material for rubber and plastic production or asphalt, or can be burned as fuel.

Depending on your local and state regulations, HCS polymer also can be disposed of in a landfill. Other uses and applications are in the utility industry for SPCC Secondary Containment, and in oil contamination removal in underground vaults and manholes; HCS polymer also can be used to filter water in storm drains or industrial waste streams.

- **Nontoxic**, noncarcinogenic, noncorrosive, nonhazardous.
- **Nonbiodegradable**; encapsulated waste will not produce a hazardous leachate.
- **Solidifies up to 8 times** its own weight.
- **Versatile** — hydrophobic by nature, so you can use it to clean spills on both land and water.
- **Safe and easy disposal**

PART #	DESCRIPTION
OIL898	HCS Polymer, 2.25" x 150' Boom, 2/drum
OIL900	HCS Polymer, 2.25" x 25' Boom, 2/case
OIL940	HCS Polymer, 3" x 10' Booms, 4/case
OIL899	HCS Polymer, 3" x 18" Bilge Sock, 20/case
OIL941	HCS Polymer, 12" x 12" Pillows, 2/case
OIL901	HCS Polymer, Granular in 2.75 lb. Shaker Bottle
OIL897	HCS Polymer, Granular, 20 lb. Drum
OIL915	HCS Polymer, Granular, 100 lb. Drum

Super Absorbent Aqueous Polymer

**MINIMAL VOLUME AND
WEIGHT INCREASE = LOWER
TRANSPORTATION AND
DISPOSAL COSTS**

Used for cleaning water-based spills and sludge stabilization.

Hazardous and nonhazardous industrial waste streams often must be solidified and stabilized to pass the paint filter test prior to placement in appropriately permitted landfills. Industrial solidification traditionally has involved the addition of various agents, including kiln dust, saw dust, and portland cement. This significantly increases the volume of material requiring transportation and disposal. The polymers solidify industrial liquid wastes with a nominal volume increase and ensure that liquid wastes pass the paint filter liquids test. Given the capacity to retain substantial volumes of water, there is limited increase in weight of solidified mass, thereby minimizing transportation and disposal costs.

Used in the solidification and removal of hazardous, nonhazardous, and radioactive waste, super absorbent polymers are finding new uses in industry. Our polymers have been proven to be more cost-effective than alternatives on the market. In fact, Super Absorbent Polymers can absorb up to 275 times their weight in liquid. (Also available in super sacks.)

PART #	DESCRIPTION	PACKAGING
OIL906	Aqueous Polymer	50 lbs.

Aqueous Polymer/Bentonite Blend

Rapid solidification of aqueous sludge streams with residual organics and petroleum contamination

This is a blend of super absorbent aqueous polymers and bentonite and organo clay. The polymers will absorb up to 275 times their weight in water, and the bentonite clay will absorb the oil. This product is great for sludge stabilization prior to and during transportation. If you have hydrocarbons mixed in with your sludge, the aqueous polymer alone will not work; bentonite is needed to absorb the hydrocarbons.

PART #	DESCRIPTION	PACKAGING
OIL927	Aqueous Polymer/Bentonite Blend	50 lbs.

Acid and Base Neutralizing Polymers: Pads, Socks, Pillows and Granulars

Used to solidify a wide range of both acid and base spills. These polymers will neutralize and change color to let you know neutralization has taken place. Neutralizers are available in pillows, socks, pads, and granular form.

Acid Neutralizer, 2 lb. shaker

Acid Neutralizer, Sock

Acid Neutralizer, Pillow

Acid Neutralizer, Pads

HF

PART #	DESCRIPTION	PACKAGING	WEIGHT
OILM280020	Acid Neutralizer, 2 lb. Shaker	10/case	20 lbs.
OIL905	Acid Neutralizers	5 gallon pail	40 lbs.

Acid Neutralizing Spill Kit

All absorbents in this specially designed kit both neutralize and soak up acidic spills; cleanups are more complete and safer. Use socks to confine spill before it can spread; use pads, pillows, and granular neutralizer to soak up spill. Not for use on hydrofluoric acids.

Kit Contents:

- 10 Acid Encapsulating/Neutralizing Mats (12" x 12")
- 2 Acid Neutralizing Socks (2" x 4')
- 2 Acid Neutralizing Pillows (12" x 12")
- 2 Shaker Bottles Granular Neutralizer (2.5 lb.)
- 1 Splash Goggles
- 1 Pair Nitrile Gloves
- 1 Apron
- 2 Temporary Disposal Bags w/Ties

PART #	DESCRIPTION	SORBENT CAPACITY	PACKAGING	WEIGHT
KIT1050	Acid Neutralizing Spill Kit	absorbs up to 4 gallons	1	20 lbs.

Liquid Neutralizers

Liquid neutralizers generate less gas and heat during neutralization than dry formulas. Use liquid formula by spraying on vertical surfaces or pouring into tight corners and hard-to-reach areas. Use liquid HF Acid Eater for hydrofluoric acids. The standard liquid acid neutralizers cannot be used on hydrofluoric acid.

PART #	DESCRIPTION	WEIGHT

HF

Chemical Classifier Kit

The First Step in Spill Control: IDENTIFY THE SPILL. Chemical classifier products are the perfect method for distinguishing risks in unknown spilled liquids. Classifier strips quickly assist the responder in classifying the spill for proper treatment. Recommended product for all emergency response teams.

PART #	DESCRIPTION	WEIGHT
OILM280019	Chemical Classifier Kit	1 lb.

Battery – Acid Eater™

NEW

A neutralizer and degreaser in an aerosol spray can. Dissolves corrosion, dirt and grime from all types of batteries. Neutralizes power-robbing corrosion. Changes color on contact with acid to detect corrosion and/or leaking batteries. Easy to apply and safe to use on metal, plastic, rubber and painted surfaces. Biodegradable, noncorrosive, environmentally safe and contains no propellant.

PART #	DESCRIPTION	PACKAGING	WEIGHT
OIL930	Battery Cleaner and Acid Neutralizer, 20 oz. can	12 cans/case	15 lbs.

HgX® Mercury Decontaminant Powder

For the reduction of toxic mercury vapor, HgX® is an inexpensive, water-soluble, nonhazardous, metallic-mercury/sulfide-converting powder with a chelating compound and dispersing agent. It reacts rapidly, forming a film over the finely divided, nearly invisible beads of mercury and reacting to produce a nonvaporizing sulfide. Further, HgX® keeps on working. Particles of HgX® left on cleaned surfaces are reactivated during subsequent cleaning.

HgX® is not harmful. None of its components are classified as toxic. It leaves no odor. And no allergic reactions ever have been reported, even after continuous use under various conditions.

HgX® is stable. It is supplied in polyethylene drums and can be stored safely up to one year without any loss of activity.

PART #	DESCRIPTION	PACKAGING
OILM7034	Mercury Decontaminant Powder	5 lb. drum
OILM7035	Mercury Decontaminant Powder	20 lb. drum

Bioremediation is the process of using microorganisms to digest harmful contaminants and turn them into nontoxic compounds. Nature will heal itself, but it often takes a great amount of time. Using microbes helps speed up this process by concentrating the number of helpful microorganisms within a given area. Microscopic organisms digest hydrocarbons and transform them into harmless carbon dioxide and water. Bioremediation is a safe, natural process that produces no harmful by-products. Since it can be done on site, it is often more cost-effective than having soil or water hauled away for burning or other reclamation. It is also safer for workers, because no harmful chemicals are used in the process.

Remediate™

Remediate™ is an innovative concept in the remediation of soil saturated with hydrocarbon contaminants. It is designed to allow industry to clean up and restore soil to its pre-contaminated condition. Remediate™ is a natural absorbent that has been specially treated with hydrocarbon digesting microbes. These microbes have the ability to turn most hydrocarbons into carbon dioxide (CO₂) and water. When used according to the directions, Remediate™ safely and effectively solves your contamination problems with very little labor and equipment expense, thereby making this product an essential part of your pollution control efforts.

PART #	DESCRIPTION	PACKAGING	WEIGHT
OILM9023	5 Gallon Container, Dry (no deeper than 2-3 feet)	1 each	35 lbs.
OILM9024	5 Gallon Container, Liquid (used for 3 feet and deeper)	1 each	42 lbs.

CLEANER DEGREASERS/BIOREMEDIATION FOR INDUSTRIAL USE ON HARD SURFACES

BioRem2000™

NEW

A surface cleaner that bioremediates oil, grease and other hydrocarbons on hard surfaces and turns them into water and carbon dioxide. Safe to use with a neutral pH, noncorrosive, no VOCs and is odor-free. This is an outstanding value compared to expensive solvent-based cleaners. It attacks and dissolves oil and grease, and cuts through grime, leaving surfaces clean, dry and oil-free. Can be used in pressure washers and floor scrubbers because the formula is safe to use on plastic, rubber, metal, plexi-glass and painted surfaces.

PART #	DESCRIPTION	PACKAGING	WEIGHT
OILM9030	BioRem2000 Surface Cleaner, 1 Gallon	4/case	36 lbs.
OILM9031	BioRem2000 Surface Cleaner, 5-Gallon Pail	1	45 lbs.
OILM9032	BioRem2000 Surface Cleaner, 55-Gallon Drum	1	520 lbs.

Oil Vanish™

NEW

A new oil stain remover that comes in an aerosol can. Works on concrete, asphalt, pavers, brick, warehouse floors, parking garages, fuel islands, fleet and auto repair facilities, and much more.

- Remove the toughest oil stains, new or old
- Penetrates deep into surface to lift and eliminate oil stains
- No waiting — immediate results
- Easy to use: SPRAY, SCRUB and RINSE

PART #	DESCRIPTION	PACKAGING	WEIGHT
OILM9025	Oil Vanish, Oil Stain Remover, 20 oz.	12/case	15 lbs.

Cleaners/ Degreasers

Original

Simple Green® is one of the most versatile all-purpose cleaners you can buy! It's nontoxic and biodegradable, without harmful bleach or ammonia. Because it is a concentrate, you can use Simple Green® full-strength or add water to clean just about anything. It replaces most cleaners, detergents, degreasers, and solvents you're using now!

PART #	DESCRIPTION	PACKAGING
SGR354	24 oz. Bottle w/Sprayer	12/case
SGR353	1 Gallon Bottle	6/case
SGR101	5 Gallon Pail	1 each
SGR350	55 Gallon Drum	1 each

CONCENTRATED
CLEANER,
DEGREASER,
DEODORIZER!

Crystal

Crystal Simple Green® is formulated for critical cleaning applications that demand a fragrance-free solution. It is a highly effective, concentrated, all-purpose degreaser and cleaner. Because Crystal Simple Green® is fragrance-free, color-free, and has high rinsability, it is an ideal and effective degreaser/cleaner for use in many industries.

PART #	DESCRIPTION	PACKAGING
SGR200	1 Gallon Bottle	6/case
SGR100	5 Gallon Pail	1 each
SGR300	55 Gallon Drum	1 each

INDUSTRIAL
STRENGTH
CLEANER,
DEGREASER!

Extreme

Extreme Simple Green®, Simple Green's® new aircraft and precision cleaning product, cuts through tough, built-up grease, oil, dirt, pollution, insect residue, and impact soils. We've found no other aircraft-approved product on the market that matches Extreme Simple Green's® cleaning performance. Yet it causes no harm to aircraft structural metals, plastics, paints, or coatings.

Safety Towels

Simple Green Safety Towels® are premoistened with nontoxic, biodegradable, industrial strength Crystal Simple Green.® These multi-purpose cleaning towels are the fast, easy, safe and effective way to remove soils from skin and industrial surfaces. Crystal Simple Green® is USDA-authorized for use in federally inspected meat and poultry plants. Colorless and odorless, both nonabrasive and abrasive sides.

PART #	DESCRIPTION	PACKAGING
SGR1000	Simple Green Safety Towels®	75 wipes/bucket, 6 buckets/case

Simple Green® is on the U.S. Environmental Protection Agency's National Contingency Plan schedule as a surface-washing agent for use in oil spills occurring in open waterways.

Original Krud Kutter® – Concentrated Cleaner/Degreaser

Earth friendly – water-based, biodegradable, odorless

Commercial Strength – when mixed (1:10) with water, 1 gallon of concentrate will clean approx 2,500 sq. ft. Can be applied by pressure washer, pump sprayer, brush, or roller. Contains an anti-corrosive agent to safeguard pressure washer parts.

Colorfast, Fabric-Safe, Leaves No Residue – Safe for all carpet types.

Multi-Surface Compatibility – Recommended for virtually all surfaces.

No other single product removes really tough soils as quickly and effectively from so many different surfaces. Cuts grease, grime, oil, tar and wax fast! Removes dried latex paint — excellent tile and grout cleaner as well.

PART #	DESCRIPTION	PACKAGING
KRUD1000	32 oz. Trigger Spray Bottle	12/case
KRUD1001	1 Gallon Bottle	6/case
KRUD1002	5 Gallon Pail	1 each
KRUD1003	55 Gallon Drum	1 each

Oil Grabber® – Oil Stain Remover

NEW

Oil Grabber®— Oil Stain Remover ABSORBS AND LIFTS EMBEDDED OIL STAINS WITHOUT SCRUBBING!

Outperforms conventional liquid degreasers. Absorbs and lifts embedded oil stains as it dries from liquid to powder.

The world's best oil stain remover. The only product proven effective on concrete. Also works on asphalt, composite/wood decks, patios, pavers and more!

Also removes stains from: Antifreeze, brake fluid, cooking oils, diesel fluid, grease, hydraulic fluid, power steering fluid, tar, transmission fluid, tree sap and wax.

Use on: Asphalt (blacktop), concrete, composite decks, driveways, garage floors, masonry, patios, walkways, wood and more. A 32 oz. bottle treats 18 sq. ft.

PART #	DESCRIPTION	PACKAGING
KRUD1004	32 oz. Bottle	6/case

Odorgone

NEW

After cleaning up a spill, have you ever found it difficult to get rid of the smell of oil? Have you tried different products just to find out they don't work?

Spray Odorgone on and around the spill site and watch the smell go away.

Odorgone eliminates the odors completely, unlike some of the other products out there that just mask the smell. With other products, the smell may go away temporarily, but it usually comes back. When using Odorgone, the smell will be eliminated permanently. Any odor with a carbon base can be eliminated.

PART #	DESCRIPTION	PACKAGING
ODOR1000	25 oz. (725 ml) Trigger Spray Bottle	12/case
ODOR1001	1 Gallon (4 L) Bottle	4/case
ODOR1002	5 Gallon (20 L) Pail	1 each
ODOR1003	55 Gallon (205 L) Drum	1 each

Storm Water Management

Red Alert DrainProtector™ II

This **DrainProtector™** is red in color and, unlike the Original DrainProtector,™ it's reversible. Either side can be used to form a tight seal to block out liquids. The lighter weight makes it easier to respond in an emergency and is less expensive.

PART #	DESCRIPTION	WEIGHT
OIL812	18" x 18" x 1/4" thick, square	4 lbs.
OIL813	24" x 24" x 1/4" thick, square	7 lbs.
OIL810	36" x 36" x 1/4" thick, square	15 lbs.
OIL797	42" x 42" x 1/4" thick, square	20 lbs.
OIL811	48" x 48" x 1/4" thick, square	26 lbs.
OIL816	12" diameter x 1/4" thick, round	2 lbs.
OIL815	20" diameter x 1/4" thick, round	5 lbs.
OIL818	30" diameter x 1/4" thick, round	10 lbs.
OIL819	42" diameter x 1/4" thick, round	17 lbs.

Original DrainProtector™

Stop spills before they go down the drain. These durable orange and yellow polyurethane drain covers are available in four different sizes. They adhere to the drain, making them virtually leak-proof. Overlap drain by at least 3".

PART #	DESCRIPTION	WEIGHT
OIL802	18" x 18" x 1/2" thick	8 lbs.
OIL801	24" x 24" x 1/2" thick	13 lbs.
OIL800	36" x 36" x 1/2" thick	29 lbs.
OIL803	48" x 48" x 1/2" thick	51 lbs.

DrainProtector™ +

A modern version of the original drain protector. What makes this drain protector special is the extra-durable, glass fiber-reinforced top layer that allows you to drive over while being used, as well as protecting it from damaging UV rays.

PART #	DESCRIPTION	WEIGHT
OIL836	36" x 36" square	23 lbs.
OIL835	42" x 42" square	27 lbs.

Drain Cover Carrying Case

Store and protect your drain cover in this hard plastic carrying case.

PART #	DESCRIPTION	WEIGHT
OIL808	Drain Cover Carrying Case for 36" square	6 lbs.
OIL842	Drain Cover Carrying Case for 48" square	8 lbs.

Other sizes are available.

SAFETY SEALS

Conical Plugs

Ideal for blocking circular drains before a spill or as soon as one occurs. Kits are available and include 2", 3" and 4" plugs.

PART #	DESCRIPTION	QUANTITY	WEIGHT
OIL805	2" Conical Plug	1	2 lbs.
OIL806	3" Conical Plug	1	2 lbs.
OIL804	4" Conical Plug	1	3 lbs.
OIL807	Conical Plug Kit	3	8 lbs.

Barrel Patch

Seals leaks fast on any 55-gallon drum. Use the 11' strap for larger tanks. Tough nylon belt fits around drums. Easy-to-use, ratcheting buckle ensures a tight seal. Simply place over the barrel, align patch over leak, and tighten. Cleans easily with soap and water.

PART #	DESCRIPTION	SIZE	WEIGHT
OIL814	Barrel Patch	1" x 5" x 7", 11' strap	4 lbs.
OIL820	Barrel Patch	1" x 5" x 7", 6' strap	3 lbs.

Spill Dams

Contain and divert spills before contamination takes place. Made out of the same durable polyurethane as the drain covers, these dikes will temporarily bond to any smooth surface. Available in large and small. Use the connector to contain larger areas.

PART #	DESCRIPTION	WEIGHT
Spill Dams		
OIL796	Small Connectable Spill Dam 10' l x 2 1/4" w x 1 3/8" h	13 lbs.
OIL798	Original 10' Spill Dam 10' l x 3 3/4" w x 2 1/4" h	30 lbs.
Spill Dam Connectors		
OIL799	Use connectors to connect original spill dams for more coverage.	

Tall Spill Dams

The taller version of the spill dam is used to contain and divert larger volumes of liquid. Flexible polyurethane construction is nonabsorbent and chemical-resistant. Easily cleans up with soap and water for repeated use. Built-in connectors allow you to attach them end to end.

PART #	DESCRIPTION	SIZE	WEIGHT
OILM7378	Tall Spill Dam	5' x 4" x 4.5"	16 lbs.

H2O Dams (Not for use with salt water) Compact "Sandless" Sand Bags

"Sandless" sand bags are compact and lightweight for storing, but will grow to 32 lbs. in times of need. Just add water and watch them grow. Contains super-absorbing polymers that will swell and gel with water. Contents are nontoxic, nonhazardous and biodegradable. Stagger multiple bags to build a retaining wall.

PART #	DESCRIPTION	SIZE	PACKAGING
OILM7368	H2O Dam	12" x 24"	20/case

- No sand or labor needed
- Ready to use
- No mess
- Easy to carry several at a time

Drain Guard

Storm water drain guard is designed for use in industrial facilities, construction sites and parking lots. Contains an oil-absorbent pillow that removes oils and greases from water flow as it passes through the drain guard. Nonwoven fabric removes dirt, sand and other sediments from storm water. Absorbs up to .87 gallons of oil and holds up to 40 pounds of sediment.

PART #	DESCRIPTION	WEIGHT
OILM7322	Drain Guard, Oil & Sediment Model, 48" x 36" x 18"	2 lbs.

Helps comply with NPDES, 40 CFR 122.26 (1999).

Gutter Guard

Keep sediment and other debris out of curb inlets.

Made of 100% recycled materials. Can be reused — simply remove, clean and store properly until needed again. Built-in overflow ports allow water to pass through during major rainfall events.

Quick installation — simply place in front of curb inlet, ensuring at least a 12" overlap on each side.

PART #	DESCRIPTION	WEIGHT
OILM7327	Gutter Guard, 9" x 8', 1/pack	19 lbs.

Helps comply with NPDES, 40 CFR 122.26 (1999).

Drain Guard, Curb-Insert Style

For use with combination

catch basins with a street grate and curb opening. Heavy-duty tension rod secures drain guard inside curb inlet — stopping sediment and other contaminants from entering curb portion of storm drain. Fits grate sizes up to 40" x 40" and curb inlets up to 60" wide.

PART #	DESCRIPTION	WEIGHT
OILM7326	Drain Guard, Curb-Insert Style, Oil & Sediment Model, Inlets 24"-42"	4 lbs.
OILM7330	Drain Guard, Curb-Insert Style, Oil & Sediment Model, Inlets 42"-60"	5 lbs.

Helps comply with NPDES, 40 CFR 122.26 (1999).

Flood Barriers *(Not for use with salt water)*

Divert problem water away from your home or business. Self-activating flood barriers, simply expose them to fresh water. They absorb water and grow to full size at 3.5" high in 5 minutes. Swelled barriers contain and divert flood water. Leave in place for ongoing protection. Lasts for up to 8 months of continuous use. Safe, nonhazardous and nontoxic, environmentally friendly and decomposes over time.

PART #	DESCRIPTION	SIZE	PACKAGING
OILM7387	Flood Barrier, 2/pack	6" x 5'	26 packs/case
OILM7388	Flood Barrier, 1/pack	6" x 10'	26 packs/case
OILM7389	Flood Barrier, 1/pack	6" x 17'	15 packs/case

SPECIALTY PRODUCTS

Dewatering Bags

NEW

Use to remove both oils and sediment from a body of water. Attach to the end of a hose and pump water through it. The highly durable geotextile will eliminate hydrocarbons and sediment, while allowing the clean water to filter through. Choose from four different sizes.

PART #	DESCRIPTION	CAPACITY (cu. ft.)
OILM7396	3' x 4'	6
OILM7397	6' x 6'	18
OILM7398	10' x 15'	150
OILM7399	15' x 15'	225

Inflatable Pipe Plugs

NEW

Multi-size pipe plugs reinforced with Kevlar® have a wide application range. Plugs are made from a high-quality Neoprene rubber that will stand up to hydrocarbons. Each plug covers several pipe sizes. Multi-size ranges overlap for more user selectivity. For pipes from 8" diameter to 24" diameter. These sizes work on most municipal storm drains and sewers. Plugs are flexible and bend easily around tight corners or when installing through manholes.

Plug accessories are sold separately — please call our office for details.

PART #	DESCRIPTION	PACKAGING
CON2010	Inflatable Pipe Plug, 8"—16"	1 each
CON2011	Inflatable Pipe Plug, 12"—21"	1 each
CON2012	Inflatable Pipe Plug, 14"—24"	1 each
CON2013	Single Fitting Controller, 36 psi	1 each
CON2014	Inflation Lift Hose, 16"	1 each
CON2015	Inflation Lift Hose, 32"	1 each

Personal Protection

Nuke Boots

Nuke Boots are heavyweight latex shoe covers. These highly stretchable latex rubber overboots go on easily over shoes. Hazmat boots are slip-on shoe covers for controlling the spread of hazardous materials. Protect your boots and yourself against work site debris. Economical enough for one-time use, but durable enough for repeat wear. Heavily textured soles give reliable traction on wet, slippery surfaces.

PART #	DESCRIPTION	SIZE	PACKAGING
PCL0583	Latex Nuke/Chicken Boots	L	50/case
PCL0585	Latex Nuke/Chicken Boots	XL	50/case
PCL0584	Latex Nuke/Chicken Boots	2XL	50/case

Slush Boots

Wear slush boots over your shoes when sloshing around in wet, messy environments.

PART #	DESCRIPTION	SIZE
PCL0587	Slush Boots	11
PCL0588	Slush Boots	12
PCL0589	Slush Boots	13
PCL0586	Slush Boots	14

Safety Glasses

Safety glasses are ANSI-approved with adjustable temple, clear lens, black frame. Other colors are available — call for details.

PART #	DESCRIPTION	WEIGHT
PCL0709	Clear Lens, Black Frames	2 lbs.

Chemical Goggles

Designed for chemical splash application, features a clear vinyl body and a fogless lens. Meets ANSI Z87.1+ standards.

PART #	DESCRIPTION
Chemical Goggles	
PCL0976	Clear Goggles
PCL0978	Clear Goggles, Anti-Fog Lens

Dust Masks

Disposable dust masks provide relief from irritation of nontoxic, nuisance dusts.

PART #	DESCRIPTION
Dust Masks	
PCL0710	Masks, 50/box, 20 boxes/case

SpiderGrip® Work NEW

Job-fitted for applications where dexterity, flexibility and comfort are desired!

SpiderGrip® gloves will make slips a thing of the past! SpiderGrip® crinkle dip latex gloves have a textured palm to provide an excellent grip. The palm of the glove is liquid-repellent, while the back provides excellent breathability to keep hands cool on the job.

Features: seamless design, puncture-resistant, ergonomic fit, long-wearing

Applications: light to medium fabrication, parts handling, general warehousing, maintenance and general purpose handling where light liquids or oils are present

PART #	DESCRIPTION
GL01421	SpiderGrip® Polyester Cotton Latex Dipped Gloves, L
GL01420	SpiderGrip® Polyester Cotton Latex Dipped Gloves, XL

PVC

PVC-coated gloves provide durable protection from grease, liquids and abrasion. They are ideal for working outside in the rain or handling petroleum-based solvents.

PART #	DESCRIPTION
GL01217	PVC, Black, 12", Rough, Jersey Lining

Oilmen

Oilmen gloves with safety cuff. Orange in color for high visibility. Rough texture for a better grip. Flock-lined for warmth in the winter. Rugged PVC material protects against oils and other hydrocarbon-based liquids.

PART #	DESCRIPTION
GL01221	Oilmen Gloves w/Safety Cuff

Blue Full-Dipped Nitrile

Blue full-dipped nitrile gloves with safety cuff. Jersey-lined for added comfort. Nitrile gloves are used for oils and chemicals.

PART #	DESCRIPTION
GL01049	Blue Full-Dipped Nitrile w/Safety Cuff

Leather Palm with Safety Cuff

Leather palm with safety cuff. Use for a variety of applications. Not for use with liquids.

PART #	DESCRIPTION
GL00500	Leather Palm w/Safety Cuff

13" Green Nitrile Gloves

13" green nitrile unsupported gloves, unlined with straight cuff. These are used to protect against oil and chemicals.

PART #	DESCRIPTION
GL01055	13" Green Nitrile Unsupported Gloves

Disposable Nitrile Gloves

Nitrile gloves offer excellent protection against certain solvents, chemicals, caustic compounds, oils, animal fats and blood products. Disposable nitrile gloves are available in different powder formulations and mil thickness for both laboratory and industrial settings.

PART #	DESCRIPTION
GL01059	Disposable Nitrile, blue, 4 mil, 100/box, XL
GL01065	Disposable Nitrile, Powder-Free, blue, 4 mil, 100/box, XL
GL01062	Disposable Nitrile, Powder-Free, black, 6 mil, 100/box, XL

Tyvek® Suits

With Tyvek®, you don't have to compromise. That's because Tyvek® delivers the best balance of protection, durability, and comfort. Made using a proprietary manufacturing process, Tyvek® features an inherent barrier. So, unlike other protective apparel fabrics which have either a film or coating that can be easily scratched or worn away, Tyvek® provides a barrier through the entire fabric.

Polycoated Tychem® Suits

Tychem® QC — a DuPont™ Tyvek® protective fabric coated with 1.25 mils of polyethylene. It is reliable protection for minor chemical spills and where there is potential for mist or light splash. Bright yellow in color.

MicroMAX® Suits

The MicroMAX® pattern design features a tailored pattern cut, inset sleeves, elastic back, and a double-gusseted crotch that allows unparalleled freedom of movement. What's the difference between this suit and competitive products? Competitive, non-gusseted coveralls have a crotch dropped lower to allow for reaching without ripping out, and yoke-style sleeves put a seam in the chest which is vulnerable to chemical penetration. MicroMAX® 3P Super B with the double-gusseted crotch and inset sleeves eliminates these flaws — the result being a garment that is designed to fit and is not just a larger bag. Perfect for general duty work environments, MicroMAX® utilizes three barrier layers to provide an excellent level of protection. Dirt, grease, grime and light liquid splashes and spills are no problem for MicroMAX.® It's an excellent, low-cost alternative that provides you with high-quality protection. This is a great alternative to Tyvek® suits.

**AVAILABLE IN SIZES

ChemMax 1® Suits

ChemMax 1®
Offering quality along with durability, this cost-effective, entry level product will please distributors, safety engineers, and plant purchasing managers. Whether you are in manufacturing, environmental cleanup, or chemical handling, you can trust the ChemMax® family of products to protect your workers from harm.

ChemMax® is constructed with a unique polyethylene barrier film and a continuous filament polypropylene nonwoven. ChemMax 1® garments bar many harmful contaminants from penetrating to inner clothing. This is a great alternative to Tychem® suits.

AVAILABLE STYLES:

- Coverall w/Collar
- Coverall w/Elastic Wrist & Ankles
- Coverall w/Attached Hood
- Coverall w/Attached Hood & Elastic Wrists & Ankles
- Coverall w/Attached Hood & Boots & Elastic Wrists (Bunny Suit)

Hard Hats

High-density polyethylene shell with side slots for easily attaching accessories. Meets ANSI Z89 standards.

PART #	DESCRIPTION
Hard Hats	
PCL0974	White, w/Ratchet
PCL0975	Yellow, w/Ratchet
PCL0971	Green, w/Ratchet

Rain Gear

Blue PVC rainwear, 3-piece

PART #	DESCRIPTION
PCL1000	Rain Gear, 3-piece, Small, Blue
PCL1001	Rain Gear, 3-piece, Medium, Blue
PCL1002	Rain Gear, 3-piece, Large, Blue
PCL1003	Rain Gear, 3-piece, XL, Blue

SpillPals

The most affordable and convenient temporary storage on the market.

The flexible-sidewall SpillPal line is the easiest to use and the most affordable hazardous material storage product on the market today. SpillPal provides incidental spill control during temporary storage of drums, machine parts, tanks and generators. It also can be used as a washdown pad or pumping station. A great alternative to hard plastic pallets.

PART #	DESCRIPTION	WEIGHT	CONTAINS
OILM7357	2 Drum SpillPal, 2' x 4' x 4"	3 lbs.	20 gallons
OILM7358	4 Drum SpillPal, 4' x 4' x 4"	5 lbs.	40 gallons

Grates sold separately

SECONDARY CONTAINMENT

Rugged Steel Spill Pallets

Steel pallets constructed of 11-gauge, hot-rolled steel.

Galvanized steel bar grating keeps drums out of overflow and removes for easy cleaning.

Large fork-lift pockets in front and back make relocation easy. Hot-dipped galvanized after fabrication for greater protection against rust and corrosion.

Steel pallets drop ship from manufacturer.

PART #	DESCRIPTION	WEIGHT	CONTAINS	LOAD BEARING
CON1011	2 Drum Pallet, 47.25" x 31.5" x 16.3125"	165 lbs.	72 gallons	1,200 lbs.
CON1012	4 Drum Pallet, 47.25" x 47.25" x 13.0625"	215 lbs.	77 gallons	2,400 lbs.

Containment Sump

Complete containment for 275-gallon oval tanks — indoors or outdoors. SPCC Compliant.

PART #	DESCRIPTION	CONTAINS
CON0801	275-Gallon Sump, No Drain 84.5" x 43.75" x 29"	360 gallons
CON0803	275-Gallon Sump, w/Drain 84.5" x 43.75" x 29"	360 gallons

CON0136	Poly Drum Funnel w/Screen, 18" x 7"	6.5 lbs.	N/A
CON0137	Poly Drum Funnel Cover	1 lb.	N/A

Drum Bogie on Wheels

Single Drum Tray*

PART #	DESCRIPTION	WEIGHT	CONTAINS
CON0128	Drum Bogie on Wheels	30 lbs.	12 gallons
CON0130	Single Drum Tray w/Grating, Round, 31" x 6", 18" x 7"	24 lbs.	10 gallons
CON0131	Drum Tray Dolly w/3" Casters	32 lbs.	N/A

*Drum dolly and drum tray sold separately

Spill Containment Trays

Spill trays are made of 100% post-industrial recycled polyethylene.

They are ideal for catching drips and leaks from small equipment, vehicle batteries, or pouring and filling activities. Lightweight and durable, these HDPE spill trays have excellent chemical resistance.

PART #	DESCRIPTION	WEIGHT	CONTAINS
OIL745	Spill Tray, 46" x 16" x 5.5"	4 lbs.	12 gallons
OIL746	Spill Tray, 38" x 26" x 5.5"	5 lbs.	20 gallons
OIL747	Spill Tray, 47" x 33" x 5.5"	8 lbs.	29 gallons

Containment Utility Tray

This HDPE tray is an affordable way to contain small spills up to 5 gallons. Ideal for countertop use or as a floor tray under machinery.

PART #	DESCRIPTION	CONTAINS
CON0142	Containment Utility Tray, 18" x 36" x 2"	6 lbs.

Poly Drum Funnel w/Hinged Lid

Durable polyethylene drum funnel resists rust, corrosion and most chemicals. Lid is attached by hinge to allow for easy use.

PART #	DESCRIPTION	WEIGHT	CONTAINS
CON0209	Poly Drum Funnel w/Attached Lid, 26.5" diameter	17 lbs.	5 gallons

Steel Drum Funnel

10.75" diameter, 10" height, fits into 2" Drum Bung, 6" Brass Flame Arrestor

- Easy pouring during liquid waste collection
- Wide-mouth opening with hinged, stay-open lid
- Built-in flame arrestor on most models to prevent fire intrusion
- Self-closing in case of fire

These funnels offer superior safety features that make them ideal for use with solvent, thinner, oil and paint wastes. Heavy 18-gauge galvanized steel with electrostatically applied epoxy powder coat paint provides durability and chemical resistance. Larger funnels accept a lock to prevent unauthorized access. Funnels intended for use with flammables are fitted with a brass flame arrestor that absorbs and dissipates heat, preventing any external ignition source (like sparks from power tools, static electricity or cigarettes) from reaching the drum's flammable contents.

PART #	DESCRIPTION	WEIGHT
CON0173	Large Steel Funnel with Self-closing Cover	10 lbs.

Drive In/Out Containment Berms

Entry and exit walls automatically spring back to their vertical position. No need to manually raise or lower the end walls. Both of the long sidewalls are held upright by PVC side wall assemblies—simply swivel the feet to lower and transport the berm.

PART #	DIMENSIONS	WEIGHT	CONTAINS
BERM1000	12' x 60' x 1'	309 lbs.	5,385 gallons
BERM1001	15' x 50' x 1'	326 lbs.	5,610 gallons
BERM1002	15' x 66' x 1'	405 lbs.	7,405 gallons

Rapid-Rise Containment Berms

Sidewalls stay lowered and out of the way until they are needed. No sidewall set-up or take-down required. In the case of a spill, the foam ring around the top of the side walls will rise with the level of the liquid.

PART #	DIMENSIONS	WEIGHT	CONTAINS
BERM1010	10' x 10' x 1'	63 lbs.	748 gallons
BERM1011	12' x 26' x 1'	149 lbs.	2,333 gallons
BERM1012	15' x 50' x 1'	278 lbs.	5,610 gallons
BERM1013	15' x 66' x 1'	357 lbs.	7,405 gallons

TAKE CARE OF YOUR BERMS and prolong their life by using ground tarps and track guards. Call our office for details.

BERM FABRIC SELECTION

Rating	Berm Fabric	Durability
★★★★★	XR5	Extremely durable, very compatible with most chemicals, 32 mil average thickness. Not susceptible to UV damage.
★★★★	XR3*	Very durable, wide chemical compatibility, 30 mil average thickness. Not susceptible to UV damage.
★★★	40 oz. PVC	Reinforced PVC, very durable fabric, compatible with most chemicals, 42 mil average thickness.
★★	22 oz. PVC	Reinforced PVC, durable fabric, very compatible with most chemicals, 24 mil average thickness.
★	18.5 oz. PVC	Reinforced PVC, durable fabric, very compatible with most chemicals, 20 mil average thickness.

*XR3 Fabric is our most popular

Compact Containment Berms

NEW

Compact design folds into tight package — minimal space required to store on board trucks or hazmat response vehicles. Compact, lightweight, portable design, no inflation required. Just insert sidewall struts into their pockets and berms are ready to go.

PART #	DIMENSIONS	WEIGHT	CONTAINS
BERM1020	10' x 10' x 1'	72 lbs.	748 gallons
BERM1021	12' x 26' x 1'	335 lbs.	5,385 gallons
BERM1022	15' x 50' x 1'	317 lbs.	5,610 gallons
BERM1023	15' x 66' x 1'	404 lbs.	7,405 gallons

Economy Containment Berms

NEW

Economical design offers cost savings and secure containment. L-shaped aluminum brackets provide sturdy sidewall support. Brackets are easily inserted into sleeves spaced around the perimeter of the berm. These are available in both XR3 or 18.5 oz. PVC.

PART #	MATERIALS USED	DIMENSIONS	WEIGHT	CONTAINS
BERM1030	22 oz. PVC	4' x 6' x 1'	21 lbs.	179 gallons
BERM1031	22 oz. PVC	6' x 6' x 1'	26 lbs.	269 gallons
BERM1032	22 oz. PVC	10' x 10' x 1'	72 lbs.	748 gallons
BERM1033	22 oz. PVC	12' x 60' x 1'	335 lbs.	5,385 gallons
BERM1034	22 oz. PVC	15' x 50' x 1'	317 lbs.	5,610 gallons
BERM1035	22 oz. PVC	15' x 66' x 1'	404 lbs.	7,405 gallons
BERM1040	18.5 oz. PVC	12' x 12' x 1'	58 lbs.	1,077 gallons
BERM1041	18.5 oz. PVC	12' x 25' x 1'	94 lbs.	2,244 gallons
BERM1042	18.5 oz. PVC	12' x 50' x 1'	166 lbs.	4,488 gallons

BERMS & POP-UP POOLS

Foam Wall “Drive-in Drive-out” Model

Foam walls allow you to drive over walls without damaging. No set-up necessary.

PART #	DESCRIPTION	WEIGHT	CONTAINS
OILM7323	10' x 10' x 4", XR3 fabric	58 lbs.	249 gallons
BERM1100	12' x 50' x 4", XR5 fabric	339 lbs.	1,496 gallons

Portable Pop-Up Pools

Pop-Up Pools instantly expand to capture leaks from saddle tanks, pipes, hydraulic lines and many other industrial incidents. Compact folded size stores efficiently inside spill kits. Excellent chemical resistance.

PART #	DESCRIPTION
CON0810	Econo Pop-Up Pool, contains 20 Gallons
OILM7360	Econo Pop-Up Pool, contains 66 Gallons
OILM7320	Econo Pop-Up Pool, contains 100 Gallons
CON0800	Econo Pop-Up Pool, contains 150 Gallons
CON0799	100/150 Gallon Pop-Up Pool Canvas Carrying Case
CON0806	100/150 Gallon Pop-Up Pool Cab Mount Container

BYOB — Build Your Own Berm NEW

Build a barrier around machinery or equipment that is permanently mounted or cannot easily be moved, or wherever a berm wall is needed. Economical containment for leaks and spills around machinery and equipment — no need to build expensive cement or angle iron curbs. This component system provides flexibility to create a semipermanent, high-visibility custom barrier. Its durable, vinyl covering resists oils, coolants and most chemicals. Cut to length and secure to floor with included sealant, then seal seams with the vinyl adhesive. High-visibility yellow color draws attention to barrier for increased safety. Easy removal requires only a flat-bladed shovel.

PART #	DESCRIPTION	WEIGHT
CON3106	BYOB – Build Your Own Berm Component System	22 lbs.

Individual parts are sold separately. Please call for details.

BYOB Component System includes:

- 2 – 25' Berm Walls
- 4 – Berm Corners
- 6 – Floor Sealant Tubes
- 1 – 10-foot Section Connector Collar
- 1 – 10.3 oz. Industrial Vinyl Adhesive

Safety Storage Cabinets

Storage cabinets are available from 4 gallons to 120 gallons, with many sizes in between to meet your needs. Whether you're storing flammables, paints, inks, acids, corrosives or pesticides, we'll have a cabinet that will best suit your needs. Cabinets are available in three door styles: 2-door manual close, sliding door self-closing, and 2-door self-closing. If you don't see the cabinet you're looking for, please call customer service for additional specifications.

PART #	CAPACITY	DESCRIPTION	WEIGHT	COLOR & STORAGE
PI-32	40 gallon	43" x 18" x 44", Manual Close, 3 Shelves	281 lbs.	Red—Paint & Ink
PI-47	60 gallon	43" x 18" x 65", Manual Close, 5 Shelves	389 lbs.	Red—Paint & Ink
6010	60 gallon	31.25" x 31.25" x 65", Self-Close, 2 Shelves	364 lbs.	Yellow—Flammables
1962	60 gallon	31.25" x 31.25" x 65", Manual Close, 2 Shelves	364 lbs.	Yellow—Flammables
1947	45 gallon	43" x 18" x 65", Manual Close, 2 Shelves	353 lbs.	Yellow—Flammables
4510	45 gallon	43" x 18" x 65", Self-Close, 2 Shelves	353 lbs.	Yellow—Flammables
1932	30 gallon	43" x 18" x 44", Manual Close, 1 Shelf	257 lbs.	Yellow—Flammables
1904	4 gallon	17.5" x 18" x 22.5", Manual Close, 1 Shelf	70 lbs.	Yellow—Flammables
CRA-32	30 gallon	43" x 18" x 44", Steel, Manual Close, 1 Shelf	253 lbs.	Blue—Acids*
CRA-P44	44 gallon	35" x 22" x 65", Poly, Manual Close, 4-Door	130 lbs.	Blue—Acids

*Steel cabinets not recommended for use with Sulfuric, Nitric, or Hydrochloric Acid

30 gallon flammable

40 gallon paint and ink

30 gallon acid

45 gallon flammable

60 gallon flammable

60 gallon paint and ink

44 gallon acid

Grounding Wires

PART #	DESCRIPTION
CON0020	Bonding Wires (3'), helps meet UFC Div8, Sec. 79803.

HAZMAT & CHEMICAL STORAGE BUILDINGS

NEW

We offer engineered solutions to fit every need. Custom buildings are used for things such as pallet/drum storage, lithium battery storage, hazardous waste and agricultural chemicals. These buildings are 100% compliant; they come with a 15-year warranty. Turnkey installation and field support are available. All buildings are designed and built according to your needs.

Call your local sales representative for further details and pricing.

Drip Kits

Drip Kits channel leaks and drips away from equipment and inventory with the easy-to-use Drip Kit system. Drip Kits can be used for a temporary or permanent solution to leaking pipes or roofs.

*All kits ship complete with valve, hose fitting and four 9" rubber straps.

PART #	DESCRIPTION
CON2000	12" x 15" Pipe Kit
CON2001	5' x 5' Roof Kit
CON2002	5' x 10' Roof Kit
CON2003	10' x 10' Roof Kit

Oily Waste Cans

Oily waste cans offer fire-safe, temporary storage of solvent, waste rags, shavings and other materials subject to spontaneous combustion. Available in either galvanized steel or polyethylene. Cans feature self-closing lid with foot lever. OSHA-compliant cans are essential whenever solvent-soaked cloths and wiping rags are used. Available in many different sizes. **Compliance:** OSHA 29CFR 1910.108 and OSHA 29 CFR 1910.106

PART #	DESCRIPTION	CONTAINS	WEIGHT
933-FL	Poly, 16.5" x 13.5" x 16"	6 gallons	9 lbs.
935-FL	Poly, 22" x 18" x 18"	10 gallons	14 lbs.
937-FL	Poly, 22" x 18" x 21"	14 gallons	16 lbs.

PART #	DESCRIPTION	CONTAINS	WEIGHT
CON0411	Steel, 11 7/8" x 15 7/8"	6 gallons	10 lbs.
CON0410	Steel, 13 15/16" x 18 1/4"	10 gallons	13 lbs.
CON0412	Steel, 16 1/16" x 20 1/4"	14 gallons	16 lbs.
CON0413	Steel, 18 3/8" x 23 7/16"	21 gallons	22 lbs.

Corrugated Waste Container

Heavy Duty box will hold the equivalent of four 55-gallon drums.

This will save you money in transportation and disposal. Corrugated waste containers are rated for packing groups I, II, and III. They come complete with a corrugated box, 8 mil liner, pallet, and nail kit.

PART #	DESCRIPTION	PACKAGING
OIL762	36" x 36" x 36" Corrugated Box, 8 Mil Liner, Pallet & Nail Kit	35/pallet

Poly-Lined Corrugated Waste Containers NEW

These flexible wall bulk bag waste containers are enclosed with layers of polypropylene. UN-approved for Packing Groups I, II, & III at 3,000 lbs. X-rated flex pack includes 6 mil inner polyethylene liner. Has four 10" lifting loops and a 36" x 36" x 36" inner dimension.

PART #	DESCRIPTION	PACKAGING
OIL776	36" x 36" x 36", w/4 Lifting Loops	20/pallet

55 Gallon Steel Drums (reconditioned)

Use 55 gallon open top drums to store used sorbents and for use in transportation. Closed head drums are used for storing free-flowing liquids. Drums are UN-rated UN1A2/Y1.2/100.

PART #	DESCRIPTION	PACKAGING
OIL760	55 Gallon Steel Drum, Open Head, DOT Approved	1
OIL761	55 Gallon Steel Drum, Closed Head, DOT Approved	1

Specialty Products

Plug 'n' Dike Tank Repair Compound

Seals off fuels, solvents, and many other chemicals. Seals immediately and sticks to dirty, crumpled surfaces, even with the fluid flowing out.

PART #	DESCRIPTION	PACKAGING	WEIGHT
OILM9100	Tank Repair Compound	1 jar	1 lb.
OILM9101*	Tank Repair Compound	5 gallon pail	48 lbs.

*In powder form, mix and make your own 1 lb. jars.

Epoxy Putty Stick

Repair leaking pipes. Simply pinch off the amount desired, knead to a uniform gray, and press into place.

PART #	DESCRIPTION	PACKAGING	WEIGHT
OILM9103	Epoxy Putty Stick, 7" x 7/8" diameter	12/box	4 lbs.

Non-Sparking and Chemically Resistant Tools

Specifically designed for spill kits and environmental and industrial cleanup applications, these tools are rugged, non-sparking and chemically resistant.

PART #	DESCRIPTION	WEIGHT
Collapsible Shovels		
OILM7314	2-Piece Shovel, 10.5" x 14" x 38.5"	2 lbs.
OILM7316	Economy Blade Spill Kit Shovel, 2-piece, 11" x 13" x 36"	2 lbs.
Scoops		
OILM7313	Non-Sparking/Polypropylene, large scoop, 82 oz.	1 lb.
OILM7307	Non-Sparking/Polypropylene, small scoop, 32 oz.	1 lb.

Butt Cans

SafeSmoker Cigarette Receptacle is made of high-density polyethylene with UV inhibitors and a galvanized steel collection bucket inside. Design restricts oxygen to quickly extinguish burning butts. Rain-protective design keeps water out and eliminates waste smells. Butt Cans are ideal for "designated smoking areas" inside or outside. Features poly tube and galvanized can base. Yellow for in-plant use and beige for office or commercial areas.

PART #	DESCRIPTION	SIZE	WEIGHT
1208BEIGE	SafeSmoker, Beige, Poly	17.25" dia. x 43.25" h	10 lbs.
1206BEIGE	SafeSmoker, Beige, Poly	15.25" dia. x 37.75" h	7 lbs.
1202BEI	Metal/Poly Butt Cans, Beige	11" x 35", 2 gallons	5 lbs.
1202	Metal/Poly Butt Cans, Yellow	11" x 35", 2 gallons	5 lbs.

SPECIALTY PRODUCTS

Rescue Tape®

Got a leaking hose?
Wrap it up tight with silicone tape!
Just stretch, wrap & get rescued™
SEALS LEAKS FAST!

- 950 PSI tensile strength
- Resists 500° F
- Insulates 8,000 volts
- Resists fuels, oil, acids, solvents, salt water, road salt, UV rays

Most versatile tape on the market, even better than duct tape. Repair leaking hoses and insulated wires, or use it in place of heat shrink tubing.

This is a self-fusing silicone repair product for emergencies and all-purpose repairs. By wrapping it around and onto itself, Rescue Tape® will quickly and easily create a permanent, airtight, watertight seal in just minutes or even seconds. You can repair leaks on hoses, pipes and air lines, or use it on electrical wiring and as shrink wrap.

PART #	DESCRIPTION	COLOR	PACKAGING
TPE100	Industrial Size, 2" wide x 36'	Black	6/case
TPE101	Industrial Size, 2" wide x 36'	Clear	6/case
TPE102	Standard Size, 1" wide x 12'	Black	36/case
TPE103	Standard Size, 1" wide x 12'	Clear	36/case
TPE104	Standard Size, 1" wide x 12'	Yellow	36/case
TPE105	Retail Display Pack w/1" Rolls	Assorted	24/case

H2OZorb

Pull water from fuel tanks before it causes damage.

Maintain peak performance and prevent engine failure. H2OZorb sorbent pulls in water that collects in fuel tanks before it can cause damage. Helps preserve engine life and prevent frozen lines by removing water from fuel stores; also minimizes filter-clogging rust and algae. Ballast forces H2OZorb to bottom of tank, where unwanted water settles; highly absorbent filler pulls in water, but repels gas and diesel fuel. The tough nylon line makes deployment and retrieval easy. Choose from four sizes.

PART #	DESCRIPTION	SORBENT CAPACITY	PACKAGING
CON2007	1" (D) x 9" (L)	3 oz. bag	1
CON2006	1.5" (D) x 12" (L)	8 oz. bag	1
CON2008	2" (D) x 12" (L)	12 oz. bag	1
CON2009	3.5" (D) x 12" (L)	36 oz. bag	1

Poly Sheeting and Poly Liners

PART #	DESCRIPTION	PACKAGING
Poly Sheeting		
OILM9500	6 Mil Poly Sheeting, 20' x 100'	58 lbs.
OILM9502	6 Mil Poly Sheeting, 20' x 100', Fire Retardant	58 lbs.
OILM9503	6 Mil Poly Sheeting, 40' x 100'	116 lbs.
OILM9510	6 Mil Reinforced Poly Sheeting, 40' x 100'	116 lbs.
OILM9504	10 Mil Poly Sheeting, 20' x 100'	96 lbs.
Poly Liners		
OIL620	4 Mil, Yellow Bags, 18" x 30"	250/case
BAG13983	6 Mil, Yellow Bags, 36" x 48"	50/case
BAG1180	6 Mil, Clear Bags, 24" x 36"	100/case
BAG13982	6 Mil, Clear Bags, 38" x 60"	50/roll

CHEMICAL APPLICATION GUIDE

The following guide is a list of common industrial fluids. Choose the sorbent that best suits your needs.

HOW TO READ REGULATIONS

The Code of Federal Regulations (CFR) is the printed rules of 50 different federal departments. However, our focus is primarily on OSHA (Occupational Safety and Health Administration), EPA (Environmental Protection Agency), and DOT (Department of Transportation). Each volume of the CFR is updated once each calendar year and is issued on a quarterly basis.

The first number is referred to as “the title” — this will tell you which agency’s regulations you’re looking into:

29CFR = OSHA

40CFR = EPA

49CFR = DOT

Let’s take the example of Regulation # 29 CFR 1910.22(a)(2):

If you were to compare this to looking at a book, the 29CFR might be the title of the book, the 1910 could be the chapter, the 22 could be the page, and the (a)(2) could be the paragraph. The more specific this line is, the better chance you’ll find the exact regulation in question.

You can find the specific language of the regulation by going to the GPO (Government Printing Office) website at: <http://www.gpoaccess.gov/cfr/index.html>. Using the GPO site is free, whereas some companies charge service fees for looking up regulations. The index site linked above will take you to a page where you can just enter the citation you need and it will find it for you. However, be aware that it will show you the entire page and you have to find the specific citation line. You should be able to find what you’re looking for if you practice looking at these.

Because there is so much information packed into each title, you really should try to get down to as specific a line as possible. For example, if you are just looking for “CFR 29,” that’s a LOT of information that covers a wide range of scenarios — so the more detailed you can get, the better it will help someone understand with what they are complying. We hope to give you a good start in understanding what these regulations require, but we cannot suggest strongly enough that you read the CFR regulation in its entirety to make sure you are compliant with all aspects of the regulations language before proceeding.

29 CFR — OSHA (Occupational Health & Safety Administration)

29 CFR 1910

This section applies to all permanent places of employment, except where domestic, mining, or agricultural work only is performed. Measures for the control of toxic materials are considered to be outside the scope of this section.

29 CFR 1910.22(a)(2)

SUMMARY: Floors in your workplace should be “maintained in a clean and, so far as possible, a dry condition.”

29 CFR 1910.107(b)(3)

SUMMARY: If floors in a spray booth or work area are combustible, they “shall be covered with noncombustible material of such character as to facilitate the safe cleaning and removal of residues.”

29 CFR 1910.107(g)(2)

SUMMARY: OSHA requires spraying areas to be “kept as free from the accumulation of deposits of combustible residues as practical.”

PRODUCTS THAT HELP YOU COMPLY

Any of our pads or rolls will help maintain clean floors and safe walking areas. We highly recommend our Fine Fiber line if you want to protect the floors in areas where workers could be walking. Fine Fiber comes in Universal, Oil-Only, or Hazmat absorbencies. Also, we offer a full line of tough Universal Industrial Rugs in a number of weights and sizes to best fit your application. These rugs are great in areas where there is heavy foot and forklift traffic. Please check out our catalog for more information.

29 CFR 1910.120(j)(1)(vii)

SUMMARY: Under an OSHA requirement, “DOT specified salvage drums or containers and suitable quantities of proper absorbents shall be kept available and used in areas where spills, leaks, or ruptures may occur.”

PRODUCTS THAT HELP YOU COMPLY

Some of our Overpacks are DOT-approved and X-rated for use as salvage drums. Our Overpacks are sturdy and chemical-resistant for years of use. We also carry complete Spill Kits packaged inside the same certified Overpacks. We offer kits in truck size, 20 gallon, 50 gallon, 65 gallon and 95 gallon. Standard kits include pads, socks, gloves, goggles and more.

REGULATORY INFORMATION

40 CFR — EPA (Environmental Protection Agency)

40 CFR 263

40 CFR 264.175

SUMMARY: Hazardous waste containment systems must be free of structural cracks or gaps, be designed to keep spilled liquids from remaining in contact with the container, prevent run-on, and “have sufficient capacity to contain 10% of the volume of the containers, or the volume of the largest container, whichever is greater.” For example, if you have four 55-gallon drums, your secondary containment would need to hold at least 55 gallons total. (10% of the total would be 55 gallons x 4 drums = 220/10 = 22 gallons. However, 100% volume of the largest one is 55 gallons. Since you must take the greater, your minimum sump capacity is 55 gallons.)

PRODUCTS THAT HELP YOU COMPLY

This particular regulation is one that we see the most. We carry a number of secondary containment options including 2-Drum and 4-Drum Spill Pallets, which can hold up to 1,500 lbs. and sump 90 gallons! Check out our full line in our catalog.

40 CFR 112

Spill Prevention Control and Countermeasures (SPCC) planning requirements state that facilities subject to these regulations must have written plans in place discussing the products, countermeasures, and procedures that are in place or will be taken by the facility to prevent discharge of oil into waters of the United States. Facilities that store 1,320 gallons of fuel or more must conform to the SPCC Regulations.

40 CFR 112.7(c)(1)(vii)

SUMMARY: Facilities that have the potential to pollute waterways must have “appropriate containment and/or diversionary structures or equipment to prevent discharge oil from reaching a navigable water course.”

4-Drum Low Profile Pallet
with Ramp
See page 68

40 CFR 112.7(c)(1)(iv)

SUMMARY: Booms and other barriers may be considered as part of “appropriate containment and/or diversionary structures or equipment to prevent a discharge.”

PRODUCTS THAT HELP YOU COMPLY

We carry a number of items designed both to react to a spill as well as to prevent one from happening. Some of our most popular are our Sock/Net Booms. These are cylindrical tubes filled with absorbent polypropylene. They have netting on the outside with hardware made to have ends slightly overlap one another so as not to allow for any gaps that oil could slip through. The polypropylene will resist water while absorbing oil, allowing the boom to float on top of the water. Additionally, some customers like to use our Containment Boom to protect any amount of area from oil discharges. The 12" skirt on these nonabsorbent booms hangs below the waterline to prevent oil-based liquids from getting underneath the boom and possibly contaminating more water. You can find details on these and any other spill control products in our catalog.

40 CFR 263

These regulations establish standards that apply to persons transporting hazardous waste within the United States if the transportation requires a manifest under 40 CFR part 262.

40 CFR 263.30(a)

SUMMARY: In the event of a spill, transporters must “take appropriate immediate action to protect human health and the environment.”

40 CFR 263.31

SUMMARY: Transporters “must clean up any hazardous waste discharge that occurs during transportation...so that the hazardous waste discharge no longer presents a hazard to human health or the environment.”

PRODUCTS THAT HELP YOU COMPLY

We carry a wide range of Spill Kits designed purposely for immediate access and usage in the event of a spill. One of the many kits we offer is our truck spill kit. This kit is made specifically with truck drivers in mind. The kit comes in Universal, Oil-Only, and Hazmat absorbencies. The standard truck spill kit contains everything you need to handle a spill, including pads, socks, gloves, goggles and temporary disposal bags, and comes packaged in a zippered bag small enough to fit right behind the driver's seat of the truck cab. These kits also can be customized to fit your specific needs.

REGULATORY INFORMATION

49 CFR — DOT (Department of Transportation)

49 CFR 173

This section deals largely with transporting hazardous materials and waste by air, highway, rail or waterways.

49 CFR 173.3(c)(1)

SUMMARY: If a container of hazardous waste is damaged or leaking, it can be placed in a compatible salvage drum that meets UN criteria for shipping.

49 CFR 173.3(c)(2)

SUMMARY: When a salvage drum is used to overpack a damaged container, the area between the container and the salvage drum must have “sufficient cushioning and absorption material to prevent excessive movement of the damaged package and to eliminate the presence of any free liquid at the time the salvage drum is closed.” The packing material must also be compatible with the hazardous material.

49 CFR 173.12(b)

SUMMARY: A container used for lab packing must be “a UN 1A2 or UN 1B2 metal drum, a UN 1D plywood drum, a UN 1G fiber drum or a UN 1H2 plastic drum tested and marked at least for the Packing Group III performance level for liquids or solids.”

49 CFR 173.12(b)(2)(iv)

SUMMARY: When lab packing, “inner packaging’s...must be surrounded by a chemically compatible absorbent material in sufficient quantity to absorb the total liquid contents.”

PRODUCTS THAT HELP YOU COMPLY

Some of our containers are certified as BOTH Overpacks and Salvage Drums. They are UN X rated to carry the most hazardous chemicals allowed. Our Overpacks also come with a screw-on top for a secure closure for transportation. We offer a variety of Overpack/Salvage Drums in sizes ranging from 20 gallons up to 95 gallons. You can see the complete array in our catalog.

DIFFERENCE BETWEEN AN OVERPACK AND SALVAGE DRUM

It may be hard to tell just by looking at them, but there is a difference between Salvage Drums and Overpacks. An Overpack is simply a container that goes OVER or AROUND another container. A Salvage Drum, however, meets more stringent standards for transporting materials. Both Overpacks and Salvage Drums must pass requirements for size and liquid volume, as well as stack and drop tests. Salvage Drums must then pass an additional pressure test. Salvage Drums also must have the term “Salvage” or “Salvage Drum” stamped onto the drum itself in order to properly qualify as a Salvage Drum.

Warranty and Disclaimer: There are no express warranties which extend beyond the description on the face hereof. Seller disclaims any implied warranties of merchantability or of fitness for any particular purpose. Since seller cannot control the use of its products after their resale, seller will not be responsible for any consequential or indirect damages. Rather, seller will, at its option, either replace the products sold or refund the purchase price. No warranties will apply if the products are in any way altered or modified after delivery by seller.

Handling, Storage, and Disposal: Handling, storage, and disposal of products must be carried out in compliance with all local, state, and federal regulations. Various sorbed fluids may be toxic or hazardous in nature and should be disposed of in the approved manner.

Warning: Flammable and other hazardous liquids when contaminated in any sorbent material continue to be unsafe and are subject to spontaneous ignition. Appropriate respiratory devices and protective clothing should be worn. Exercise extreme care when handling, storing, and disposing of absorbent materials containing such liquids to avoid personal injury and environmental pollution.

PRODUCT INDEX

Chemical Application Guide	81
Product Specifications	85–94
Regulatory Information	82–84
Sorbents: Clay vs Poly	4

ABSORBENTS..... 5–23

Earth Friendly

Aqua Lock.....	14
Cellulose Pads and Rolls, general purpose.....	14
Cotton Pads and Rolls, ECO-SOP.....	14

Hazmat

Booms, Pads and Rolls.....	13
----------------------------	----

Oil-Only

Anti-Static Meltblown Pads.....	10
Anti-Static Meltblown Rolls.....	10
Bonded Meltblown Pads.....	9
Bonded Meltblown Rolls.....	9
Booms.....	11
Boom XT.....	12
Fine Fiber Multi-Layer Meltblown Pads.....	8
Fine Fiber Multi-Layer Meltblown Rolls.....	8
Standard Meltblown Pads.....	10
Standard Meltblown Rolls.....	10
Sweeps.....	12

Sorbent Accessories

Drip Pans.....	23
Drum Tops.....	23
Particulate.....	23
Roll Rack.....	23

Sorbent Matting

Blue Railroad Track Matting.....	18
Ground Guards.....	18
Railroad Track Matting.....	18

Sorbent Pillows

Mesh Bag Pillow.....	19
Pillows.....	19

Sorbent Rugs

Needle-Punch.....	17
Poly-Backed Needle-Punch.....	17
Rag Rug Pads and Rolls.....	17

Sorbent Socks

Cellulose Polymer Blend.....	21
Corncob.....	20
Hazmat.....	21
Oil-Only.....	20
Roll-Off Super Socks.....	21
Universal Cellulose.....	20
Universal/Maintenance.....	20

Specialty Socks

Bilge Booms (Mini Booms).....	22
Bilge Socks.....	22
Spill Bucket Socks.....	22
Well Sock.....	22

Specialty

Airlaid Polypropylene.....	15
All-in-One Sorbent Matting.....	16
Army Matting.....	15
Poly-Backed Pads and Rolls.....	16
SMS, Laminated Meltblown.....	16

Universal

Bonded Meltblown Pads.....	7
Bonded Meltblown Rolls.....	7
Fine Fiber Meltblown Pads.....	6
Fine Fiber Meltblown Rolls.....	6

SPILL KITS..... 24–33

Cab Mount Spill Kit.....	30
Drum, 55-gallon.....	27
Drum, 30-gallon.....	27

Eco-Friendly 95-gallon Spill Kit.....	28
Emergency Spill Sack.....	29
Foil Bag Response Kit (heat-sealed).....	29
High-Visibility Bag Spill Kit.....	30
Marine Dock Box Spill Kit.....	31
Marine Spill Kit.....	31
Mobile Spill Kit, 50-gallon.....	25
Spill Kaddie Kit.....	26

Overpacks

Overpack, 95-gallon.....	27
Overpack, 65-gallon.....	27
Overpack, 20-gallon.....	27
Overpack, 14-gallon.....	27
Overpack on Wheels, 95-gallon.....	26
Overpack on Wheels, 50-gallon.....	26
Overpack Covers.....	31

Spill Cart on Wheels, X-Large.....	25
Spill Cart on Wheels, Large.....	25
Spill Kit Refills.....	32
Tote Bag Spill Response Kit.....	30
Truck Spill Kits.....	29
Wall Mount Cabinet Spill Kit.....	28

Specialty

3-D Spill Response Equipment Sign.....	33
Acid Spill Kit.....	33
Emergency Response Guidebook.....	33
Mercury Spill Kits.....	33
Wall Mount Chemical/Solvent Kit.....	33

MARINE SPILL RESPONSE..... 34–40

Boom Accessories

Anchor.....	40
Anchor Buoys, Polyform.....	40
Anchor Chain.....	40
Bulkhead Risers.....	39
Containment Boom Lighting.....	39
Galvanized Shackles.....	40
Polypropylene Line.....	40
Tow Bridal.....	40

Booms

Boom in a Bag.....	38
Permanent Containment Boom.....	36
Response Boom.....	37
Sorbent Boom, The Eliminator.....	38

Snares and Skimmers

Drum Skimmers.....	35
Oil Snare.....	35
Skimmers.....	35

WIPERS & RAGS..... 41–44

Rags and Wiping Cloths.....	44
Rags in a Box.....	44
Red Shop Towels.....	44

Wipers

Airlay.....	43
All-Purpose DRC Wetlay.....	43
Polypropylene.....	43
Spunlace (Blue, Red or White).....	42

GRANULARS, NEUTRALIZERS & BIOREMEDIATION..... 45–52

Biodegradable Granulars

Absorbent W.....	47
Cellulose.....	47
Dri-Zorb.....	47
Gator-sorb.....	47
Gran-sorb.....	47
Peat Moss.....	47

Bioremediation

BioRem2000.....	52
Oil Vanish.....	52
Remediact.....	52

Mineral-based Granulars

Floor-Dry.....	46
Oil-Dri.....	46
Perlite.....	46
Vermiculite.....	46

Neutralizers

Acid & Base Neutralizing.....	50
Acid Neutralizing Spill Kit.....	50
Battery – Acid Eater.....	51
Chemical Classifier Kit.....	51
HgX Mercury Decontaminant Powder.....	51
Liquid Neutralizers.....	51

Polymers

Aqueous.....	49
Aqueous Polymer/Bentonite Blend.....	49
Hydrocarbon Solidifying.....	48

CLEANERS/DEGREASERS..... 53–55

Crystal.....	54
Extreme.....	54
Odorgone.....	55
Oil Grabber.....	55
Original.....	54
Original Krud Kutter.....	55
Safety Towels.....	54

STORM WATER MANAGEMENT..... 56–60

Drain and Gutter Guards.....	59
Drain Seals.....	57
Safety Seals.....	58

Specialty Products

Dewatering Bags.....	60
Inflatable Pipe Plugs.....	60

PERSONAL PROTECTION..... 61–65

Boots.....	62
Duct Tape.....	65
Dust Masks.....	62
First Aid Kit.....	65
Gloves.....	63
Hard Hats.....	65
Rain Gear.....	65
Safety Glasses and Goggles.....	62
Suits.....	64

SECONDARY CONTAINMENT..... 66–77

Berms.....	72, 73, 74
Containment Sumps.....	70
Containment Trays.....	71
Drum Bogie on Wheels.....	70
Drum Containment Unit (single drum).....	70
Drum Funnels.....	70, 71
Facility Safeguards.....	76
Grounding Wires.....	75
Overpacks and Lab Packs.....	67
Pop-Up Pools.....	74
Safety Storage Cabinets.....	75
Single Drum Containment Unit.....	70
Sorbent Disposal.....	77
Spill Pallets.....	68, 69, 70
SpillPals.....	70

SPECIALTY PRODUCTS..... 78–80

Butt Cans.....	79
Epoxy Putty Stick.....	79
H2OZorb.....	80
Non-Sparking Tools.....	79
Plug'n' Dike Tank Repair Compound.....	79
Poly Sheeting and Poly Liners.....	80
Rescue Tape.....	80

LOOKING FOR SAFER HAZMAT RESPONSE?

**ABSORB, ENCAPSULATE AND NEUTRALIZE
SPILLED ACIDS OR BASES
IN JUST ONE STEP!**

**See Acid Neutralizers
on page 50.**

**Chemtex offers
Same Day Shipping** if your order is in by
1 pm Eastern Standard Time. In an emergency
spill situation, Chemtex will accommodate you
NO MATTER WHAT TIME IT IS.
